

The image shows the front cover of the book 'Citing Medicine'. The title 'CITING MEDICINE' is printed in a large, bold, yellow serif font at the top. Below it, in a smaller white serif font, is the subtitle 'The NLM Style Guide for Authors, Editors, and Publishers'. Underneath the subtitle, also in white, is '2nd Edition 2007'. The background of the cover is a dark blue gradient with a faint, horizontal image of a bookshelf filled with books.

Key selling features: Documents and thoroughly references the history of contrast agent development. Reviews the priority and importance of patents. Discusses the role that important individual scientists and leading research institutions have played in technology development and implementation.

Handbook of Research on Emerging Trends and Technologies in Librarianship Ekoja, Innocent Isa, Ogbomo, Esoswo Francisca, Okuonghae, Omorodion, 2022-01-07. A fundamental dynamism of the library is its continuous adoption of trending technologies and innovations for enhanced service delivery. To meet the needs of library users in the Fourth Industrial Revolution, an era characterized by digital revolution, knowledge economy, globalization and information explosion, libraries have embraced innovations and novel technologies such as artificial intelligence, blockchain, social media tools and the internet of things (IoT). The Handbook of Research on Emerging Trends and Technologies in Librarianship documents current research findings and theoretical studies focused on innovations and technologies used in contemporary libraries. This book provides relevant models, theoretical frameworks, the latest empirical research findings and sound theoretical research regarding the use of novel technologies in libraries. Covering topics such as digital competitive advantage, smart governance and social media, this book is an excellent resource for librarians, archivists, library associations and committees, researchers, academicians, students, faculty of higher education, computer scientists, programmers and professionals.

Librarians of Babel Paola de Castro, 2009-01-30. A librarian's main task is to acquire, organize, process, retrieve and disseminate information to all possible users, but also to communicate and develop professional skills in this field. This collection offers an introduction to the different challenges that librarians and information specialists are called upon to carry out in order to achieve effective communication through different media. The main elements of professional writing, conference or workshop organization, power point presentations are outlined. Concise introduction to professional writing and conference organization. Easily understood even without background information. Based on practical experience rather than on theories.

How to Write, Publish, and Present in the Health Sciences Thomas Allen Lang, 2010. From the acclaimed author of the standard reference on reporting statistics in medicine, this new resource explains how to create effective scientific articles, research proposals, abstracts, posters and slide presentations. It describes how to write efficiently and how to prepare tables, charts, graphs, illustrations and images for publication. A wealth of key concepts, practical information, common mistakes and helpful tips make this book invaluable.

The Broadview Guide to Writing: A Handbook for Students - Sixth Edition Corey Frost, Karen Weingarten, Doug Babington, Don LePan, Maureen Okun, 2017-05-30. Even the most useful reference guides are not always well shall we say riveting. A refreshing exception is the new Broadview Guide to

Writing which is smart helpful and even fun to read Gerald Graff and Cathy Birkenstein authors of *They Say I Say The Moves That Matter in Academic Writing* Key Features A coil bound reference text suitable for a range of introductory composition and writing courses Divided into three sections Writing Processes including Research Argumentation and Style Writing Mechanics Grammar Usage and Punctuation Writing Contexts Writing in different academic disciplines Forms and conventions and citation Comprehensive treatment of citation style guides with 2016 MLA style updates Expanded treatment of research methods argument structures and writing in the workplace A unique section on How to Be Good With Words issues of gender race class religion sexual orientation disability etc Expanded coverage for those whose native language is not English All new chapter on reading images Extensive companion website featuring interactive exercises Increasingly writing handbooks are seen as over produced and overpriced One stands out *The Broadview Guide to Writing* is published in an elegant but simple format and sells for roughly half the price of its fancier looking competitors That does not change with the new edition what does change and stay up to date is the content of the book The sixth edition brings a substantial re organization of the contents under three headings Writing Processes Writing Mechanics and Writing Contexts Coverage of APA Chicago and CSE styles of documentation has been substantially expanded and the MLA section has now been fully revised to take into account all the 2016 changes Also expanded is coverage of academic argument of writing and critical thinking of writing about literature of paragraphing of how to integrate quoted material into one s own work of balance and parallelism and of issues of gender race religion etc in writing The chapter Seeing and Meaning Reading and Writing About Visual Images is entirely new to the sixth edition
