Behind Closed Doors Erik de Haan, 2016-06-30. Behind Closed Doors is a ground-breaking exploration of executive coaching based on a wide range of real-life case studies of coaching in action. Despite the significant growth of executive coaching over the last 20 years, very few case studies are available which can be used to guide practising coaches and those who retain their services and which reveal the reality of coaching in action. Yet when the curtain is pulled back, we can learn much about the impact of different interventions and different styles where change happens for the better and where potential pitfalls may occur. Written by skilled and experienced practitioners and showing what happens inside coaching relationships, this book provides just such guidance.
