Caribbean Interfaces, 2007-01-01 Contemporary research on Caribbean literature displays a rich variety of themes literary and cultural categories forms genres languages Still the concept of a unified Caribbean literary space remains questionable depending upon whether one strictly limits it to the islands enlarges it to adopt a Latin American perspective or even grants it inter American dimensions This book is an ambitious tentative to bring together specialists from various disciplines neither just French Spanish English or Comparative studies specialists nor strictly Caribbean literature specialists but also theoreticians cultural studies scholars historians of cultural translation and of intercultural transfers The contributions tackle two major questions what is the best

possible division of labor between comparative literature cultural anthropology and models of national or regional literary histories how should one make use of transversal concepts such as memory space linguistic awareness intercultural translation orature or hybridization Case studies and concrete projects for integrated research alternate with theoretical and historiographical contributions This volume is of utmost interest to students of Caribbean studies in general but also to anyone interested in Caribbean literatures in Spanish English and French as well as to students in comparative literature cultural studies and transfer research **The Round Table** ,1868 Child-Centred Attachment Therapy Maggie Gall,Alexandra Maeja Raicar,Pauline Sear,2018-04-24 This book describes the development of the Child Centred Attachment Therapy CcAT model of working with children with attachment difficulties The authors describe in a vivid and accessible manner the complexities involved in supporting parents in their struggles to respond positively to the needs of children who have been traumatised by their early experiences After many years of working with a number of families with children who act out their hurt through difficult behaviours the authors offer their insights to help both parents and professionals to understand and deal more effectively with such behaviours The CcAT therapists give an impressive account of their belief in a therapeutic approach that focuses on attachment and protection as prerequisites for promoting healthy relationships

Between Heaven and Earth Robert A. Orsi,2013-10-31 Between Heaven and Earth explores the relationships men women and children have formed with the Virgin Mary and the saints in twentieth century American Catholic history and reflects more broadly on how people live in the company of sacred figures and how these relationships shape the ties between people on earth In this boldly argued and beautifully written book Robert Orsi also considers how scholars of religion occupy the ground in between belief and analysis faith and scholarship Orsi infuses his analysis with an autobiographical voice steeped in his own Italian American Catholic background from the devotion of his uncle Sal who had cerebral palsy to a crippled saint Margaret of Castello to the bond of his Tuscan grandmother with Saint Gemma Galgani Religion exists not as a medium of making meanings Orsi maintains but as a network of relationships between heaven and earth involving people of all ages as well as the many sacred figures they hold dear Orsi argues that modern academic theorizing about religion has long sanctioned dubious distinctions between good or real religious expression on the one hand and bad or bogus religion on the other which marginalize these everyday relationships with sacred figures This book is a brilliant critical inquiry into the lives that people make for better or worse between heaven and earth and into the ways scholars of religion could better study of these worlds **The Runaway Schoolgirl - This is the true story of my daughter's abduction by her teacher Jeremy**

Forrest Davina Williams,2015-02-05 On Friday 21 September 2012 mother of five Davina Williams found herself facing two policemen on her doorstep It was the start of a year long nightmare that still haunts the entire family Her fifteen year old daughter was missing and soon after was captured on CCTV boarding a ferry to France with her thirty year old school teacher Jeremy Forrest The newspapers called her The Runaway Schoolgirl and some saw their romance as nothing more

than a harmless love story But Forrest had abused his position of responsibility and engaged his pupil in a sexual relationship Now Davina Williams the mother of the teenager referred to as Gemma Grant tells the story of the abduction and subsequent capture of Forrest its harrowing aftermath and the traumatic trial to make Forrest pay for his crimes Told only as a mother knows how Davina Williams hopes her heart wrenching story will silence the parasites who believed they should be together and allow Gemma and her family to finally move on with their lives The Literary World ,1915 “The”
