The story Gold Chain is about a middle class family whose golden thread lies in its ability to judge and justify every action of any individual with confidence and conviction. Sometimes people and things may not always connect and we need to accept all that which happens in our lives with grit and fortitude.

Jonathan follows the life of a research scientist who equally believes that his conclusions are correct and the world would accept his definition as final. Fate has it when he returns a negative result that it is he who needs to change and not the world for the sake.

Franky is a real life accident that happened to a young girl yet the fictional aspects added gives it a different flavor and setting. Medicine cannot help the mind if it chooses to be challenged as one can truly analyze or comprehensively explain what the human brain can accept.

When time changes is the story of a woman in a Diary entry. Although there are many such moving scenes in our society today, we are truly keen to share the concerns of the common man, woman and they are left to fend for themselves.

Just then my darling is the story of a child who was saved but with the support and dove effect of her mother fights the battle to survive and explain her life. It's the probability that people share that makes life worth living.

The night that changed my life is about a teenager who learns a thing or two about life as a short prisoner that she undertakes with friends and family. It is an eye opener for the young girl who realizes that the world is not what we assume that it perhaps.

The green grass is about a doctor who believes that their lives is worth sacrificing when they could realize their dreams. But when their dream is fulfilled, it's time to create another dream and not to continue believing in the longevity of the dream to last forever.

Jonathan's friend is the story of a woman who continues to believe in a strong and resilient person. He becomes always typified people into categories and sometimes its correct too for the world does picture many such people who break away a myth here and there and make us introspect about our ability to pass a judgement.

It's for a quiet beach into the life of a group of women who lead lives which is different and isolated from each other, yet connected enough to make them realize that while the river remains the same, the banks don't differ from one to the other.

No stones left turned is about a teacher's journey. There is no second marriage, just a daughter from the teacher's life, while the journey has given to place and makes friends and truly makes her life.
