Prompt: *In 300 words or less, help us understand what aspects of Northwestern appeal most to you, and how you'll make use of specific resources and opportunities here.*

I grew up in a highly diverse neighborhood, and I remember the street being filled with every type of language imaginable. Close to mealtimes, the air would be tinged with scents coming from exotic spices sourced from all over the globe. For me, diversity was a way of life, and it greatly contributed to my education outside of my academic work. I hope to be able to continue expanding my mind and my knowledge through the multicultural offerings at Northwestern University.

I am writing this essay in order to convey my deep interest in all the diverse offerings that Northwestern has to offer. I am interested in the International Relations program, where I will be able to use my diverse upbringing and my understanding of other cultures in order to help mediate decisions for an international audience. The experience that will gain during my undergraduate studies at Northwestern will be a great boon to my future career, allowing me to open my mind to new experiences.

For me, attending a highly diverse campus is an extremely important requirement. The focus that Northwestern gives to its international and multicultural communities sets it apart from other universities. Through celebrating different cultural and religious holidays, to allowing the hundreds of cultural organizations to host parades and activities, I know that I will be able to experience a myriad of different cultures and viewpoints during my time at Northwestern. Through expanding my knowledge and my perspective, I will be able to become a more competent diplomat in the future, using my experience at Northwestern as the cornerstone of my career.

Write Yourself In Eric Tipler, 2024-06-11 Write authentic memorable college essays that will help you get into the right school for you with this guidebook from a veteran college admissions expert Every spring over one million high school juniors embark on an annual rite of passage applying to college And with college admission rates at an all time low getting into a competitive school is now tougher than ever At the top schools a strong transcript and great test scores will get your application noticed but it's your essays and the personal story that they highlight that will get you admitted But often students don't know where to start Teens fret over topics because they don't know what college admissions officers are looking for They bend over backwards to write what they think colleges want to read instead of telling their authentic story which is what admissions officers actually want in a way that will

resonate with their readers They also struggle because college essays which are narrative first person and introspective require a different set of skills from academic expository writing they've been learning for years in the classroom Seasoned college admissions expert and educator Eric Tipler has seen this firsthand Teens and their parents spend countless anxiety filled hours crafting and refining essays that are often lackluster In *Write Yourself In* Tipler meets students where they are and provides comprehensive actionable advice in a warm and conversational tone He demonstrates how to craft a winning essay one that is authentic vulnerable and demonstrative of qualities like personal growth and emotional maturity Instead of formulas *Write Yourself In* gives students step by step processes for brainstorming outlining writing and revising essays It encourages them to seek out feedback at key points in the process something Tipler has found to be vital to helping students produce their best writing Further the book includes sidebars that teach essential components of good storytelling a secret weapon in the admissions process In addition to the admissions essay *Write Yourself In* also covers the most common supplemental essays on topics like community diversity openness to others viewpoints and why their school is a good fit for the student scholarship essays as well as scholarship essays Tipler includes sections that address current topics like the widespread use of ChatGPT and the discussion of race in the admissions essay a facet of the student's application that will have newfound importance given the Supreme Court decision on affirmative action Written with both the parent and teen in mind *Write Yourself In* is the go to handbook for writing a great college essay

Contest(ed) Writing Mary Lamb, 2013-01-14 This collection is about writing contests a vibrant rhetorical practice traceable to rhetorical performances in ancient Greece In their discussion of contests cultural work the scholars who have contributed to this collection uncover important questions about our practices For example educational contests as epideictic rhetoric do indeed celebrate writing but does this celebration merely relieve educators of the responsibility of finding ways for all writers to succeed Contests designed to reward single winners and singly authored works admirably celebrate hard work but do they over-emphasize exceptional individual achievement over shared goals and communal reward for success Taking a cultural rhetorical approach to contests each chapter demonstrates the cultural work the contests accomplish The essays in Part I examine contests and riddles in classical Greek and Roman periods educational contests in

eighteenth century Scotland and the Lyceum movement in the Antebellum American South The next set of essays discusses how contests leverage competition and reward in educational settings medieval universities American turn of the century women s colleges twenty first century scholarship essay contests and writing contests for speakers of other languages at the University of Portsmouth The last set of essays examines popular contests including poetry contests in Youth Spoken Word popular American contests designed by marketers and twenty first century podcasting competitions This collection then takes up contests as a cultural marker of our values assumptions and relationships to writing contests and competition
