term expressivist was coined and used only by people who wanted a word for people they disapproved of and wanted to discredit The editors and contributors to this collection invite readers to join them in a new conversation one informed by a belief that the term expressivism continues to have a vitally important function in our field *Reconnecting Reading and Writing* Alice S. Clampitt, 2022-11-04 A simple yet powerful promise caring leaders can

produce extraordinary outcomes Daniel H Pink 1 New York Times bestselling author of The Power of Regret Breaking new ground in the exploration of servant leadership Bob DeKoch and Phil Clampitt draw on their years of experience and research to describe with vivid real world examples how leading with care enriches people and transforms organizations in our challenging times Gallup recently reported that only 15% of employees in the United States are truly engaged in their workplace Yet nearly 70% say they would work harder if they felt more appreciated Over 90% of those surveyed believed their leaders lacked communication skills to lead The gloomy stories behind sobering statistics reveal employees disappointment with current leadership approaches Leaders can do better That s why the authors sought to go beyond the laudable sentiments of the servant leadership movement by envisioning creating and testing a new leadership platform based on a set of guiding beliefs and actual day to day practices Their unique perspective transforms traditional practices like employee coaching and collaboration into dynamic self actualizing workplaces They also share insights about less frequently discussed leadership issues such as how to build an empowering network of relationships and transform pushback into progress Anyone who wishes to craft their own distinctive compelling and empowering leadership style that unleashes the latent energy of people and their organizations will discover a robust framework for doing so in Leading with Care in a Tough World Pragmatic thought provoking and exceptionally well written If you re a leader or aspiring to become one I strongly recommend this book Frank Sonnenberg award winning author of Managing with a Conscience Filled with inspiring stories practical advice and years of tried and true methods Dr Marshall Goldsmith New York Times bestselling author of Triggers
