Intermediate Accounting Thomas H. Beechy, Joan Elizabeth Davison Conrod, 2002-04-12 What is intermediate accounting all about There is a vast body of knowledge that must be mastered before you can account for the activities of an enterprise It is the nitty gritty course where it all happens Every important financial accounting topic is included in this textbook The book is a blend of technical knowledge professional judgement non GAAP situations a Canadian agenda and an international view In this book the authors have taken a fresh look at the realities of Canadian business practice A series of annual reports accompany this text as a value added supplement Biology Sylvia S. Mader, 2004 This text covers the concepts and principles of biology from the structure and function of the cell to the organization of the biosphere It draws upon the world of living things to bring out an evolutionary theme The concept of evolution gives a background for the study of ecological principles

Environmental Geology Carla W. Montgomery, 2008 Environmental Geology 12e presents the student with a broad overview of environmental geology The text looks both at how the earth developed into its present condition and where matters seem to be moving for the future It is hoped that this knowledge will provide the student with a useful foundation for discussing and evaluating specific environmental issues as well as for developing ideas about how the problems should be solved **Ekonomie evropské integrace** Richard Baldwin, 2008 *Organizational Behavior: Solutions for Management*

Paul D. Sweeney, Dean B. McFarlin, 2001-08-02 In Organizational Behavior Solutions for Management Paul Sweeney and

Dean McFarlin have identified 4 key management skills areas that act as building blocks for successful behavior in management These skills are self insight perceptual skills ability to inspire motivate lead ability to analyze situations and personal flexibility adaptability The authors also feel strongly that successful management of organizational behavior rests on the problem solving process in fact the 4 skills listed above enable managers to use this process to deal with the people problems they face more effectively If nothing else studying what organizational behavior has to offer as a field should help a person figure out his her strengths and weaknesses

Macroeconomics David C. Colander, Peter S. Sephton, Charlene Richter, 2002 An exploration of the macroeconomic aspects of economic growth business cycles and monetary and trade policy Macroeconomics explains how recent tax cuts have combined with the war on terrorism and slow economic growth to contribute to increasing budget deficits Also included are discussions of international trade policy comparative advantage and outsourcing as well as valuable Web access to more than 250 minutes of new videos from Paul Solman of the Lehrer NewsHour

Macroeconomics Campbell R. McConnell, Thomas Paul Barbiero, Stanley L. Brue, 2002 The major goals of this revision have been to streamline the text and to present more student oriented examples We are also providing a new design with enhanced four colour graphics Much fine tuning and trimming has gone into almost every chapter resulting in a more approachable textbook for your students Several chapters that are rarely used will now appear on the book s website The 9th edition will be much better integrated with the book s website where students can get additional information and or current events associated with many major topics in the text Also the website will have Want to see the Math Notes for those instructors that choose a more sophisticated math treatment of the major topics in both Micro and Macro Another commitment to Instructor Support will be the annual updating of time sensitive PowerPoint slides

Microeconomics David C. Colander, Peter S. Sephton, Charlene Richter, 2002 An examination of microeconomic models in practical use Microeconomics explores the strengths and weaknesses of standard models of microeconomics and how they are actually used in policy Chapters discuss the basics of microeconomics foundations of supply and demand market structure and policy monopolistic competition distribution of income and the ways economic reasoning is applied to real world policy Sidebars reinforce the economic tools presented while more than four hours of website accessible video provide interactive exercises and animated tutorials
