Authoritarianism in the Information Age Suisheng Zhao, 2019-06-24 This book examines information and public opinion control by the authoritarian state in response to popular access to information and upgraded political communication channels among the citizens in contemporary China Empowered by mass media particularly social media and other information technology Chinese citizen s access to information has been expanded Publicly focusing events and opinions have served as catalysts to shape the agenda for policy making and law making narrow down the set of policy options and change the pace of policy implementation Yet the authoritarian state remains in tight control of media including social media to deny the free flow of information and shape public opinion through a centralized institutional framework for propaganda and information technologies The evolving process of media control and public opinion manipulation has constrained citizen s political participation and strengthened Chinese authoritarianism in the information age The chapters originally published as articles in the Journal of Contemporary China *What We Owe Each Other* Minouche Shafik, 2021-04-27 First published in the United Kingdom by The Bodley Head an imprint of Vintage in 2021 *A Functional, Comprehensive and Extensible Multi-Platform Querying and Transformation Approach* Tassilo Horn, 2015-07-11 This thesis is about a new model querying and transformation approach called FunnyQT which is realized as a set of APIs and embedded domain specific languages

DSLs in the JVM based functional Lisp dialect Clojure Founded on a powerful model management API FunnyQT provides querying services such as comprehensions quantified expressions regular path expressions logic based relational model querying and pattern matching On the transformation side it supports the definition of unidirectional model to model transformations of in place transformations it supports defining bidirectional transformations and it supports a new kind of co evolution transformations that allow for evolving a model together with its metamodel simultaneously Several properties make FunnyQT unique Foremost it is just a Clojure library thus FunnyQT queries and transformations are Clojure programs However most higher level services are provided as task oriented embedded DSLs which use Clojure s powerful macro system to support the user with tailor made language constructs important for the task at hand Since queries and transformations are just Clojure programs they may use any Clojure or Java library for their own purpose e g they may use some templating library for defining model to text transformations Conversely like every Clojure program FunnyQT queries and transformations compile to normal JVM byte code and can easily be called from other JVM languages Furthermore FunnyQT is platform independent and designed with extensibility in mind By default it supports the Eclipse Modeling Framework and JGraLab and support for other modeling frameworks can be added with minimal effort and without having to modify the respective framework s classes or FunnyQT itself Lastly because FunnyQT is embedded in a functional language it has a functional emphasis itself Every query and every transformation compiles to a function which can be passed around given to higher order functions or be parametrized with other functions

Australian Intellectual Property Law Mark J. Davison,Ann L. Monotti,Leanne Wiseman,2020-05-06 Provides a detailed and comprehensive yet

concise and accessible discussion of intellectual property law in Australia Orthodox Christian Material Culture Timothy Carroll, 2018-05-15 Although much has been written on the making of art objects as a means of engaging in creative productions of the self most famously Alfred Gell's work there has been very little written on Orthodox Christianity and its use of material within religious self formation Eastern Orthodox Christianity is renowned for its artistry and the aesthetics of its worship being an integral part of devout practice Yet this is an area with little ethnographic exploration available and even scarcer ethnographic attention given to the material culture of Eastern Christianity outside the traditional homelands of the greater Levant and Eastern Europe Drawing from and building upon Gell's work Carroll explores the uses and purposes of material culture in Eastern Orthodox Christian worship Drawing on three years of ethnographic fieldwork in a small Antiochian Orthodox parish in London Carroll focusses on a study of ecclesiastical fabric but places this within the wider context of Orthodox material ecology in Britain This ethnographic exploration leads to discussion of the role of materials in the construction of religious identity material understandings of religion and pathways of pilgrimatic engagement and religious movement across Europe In a religious tradition characterised by repetition and continuity but also as sensuously tactile this book argues that material objects are necessary for the continual production of Orthodox Christians as art like subjects It is an important contribution to the corpus of literature on the anthropology of material culture and art and the anthropology of religion **The Oxford Handbook of European Union Law** Anthony Arnall, Damian Chalmers, 2015-07-23 Since its formation the European Union has expanded beyond all expectations and this expansion seems set to continue as more countries seek accession and the scope of EU law expands touching more and more aspects of its citizens lives The EU has never been stronger and yet it now appears to be reaching a crisis point beset on all sides by conflict and challenges to its legitimacy Nationalist sentiment is on the rise and the Eurozone crisis has had a deep and lasting impact EU law always controversial continues to perplex not least because it remains difficult to analyse What is the EU An international organization or a federation Should its legal concepts be measured against national standards or another norm The Oxford Handbook of European Union Law illuminates the richness and complexity of the debates surrounding the law and policies of the EU Comprising eight sections it examines how we are to conceptualize EU law the architecture of EU law making and administering EU law the economic constitution and the citizen regulation of the market place economic monetary and fiscal union the Area of Freedom Security and Justice and what lies beyond the regulatory state Each chapter summarizes analyses and reflects on the state of play in a given area and suggests how it is likely to develop in the foreseeable future Written by an international team of leading commentators this Oxford Handbook creates a vivid and provocative tapestry of the key issues shaping the laws of the European Union *Financing Micro Health Insurance: Theory, Methods And Evidence* David M Dror, 2018-12-27 Healthcare for all at affordable prices is still a major but universally elusive goal Everyone spends money on healthcare and it is the most impoverishing consumption item Thus most governments and the United Nations promote

Universal Health Coverage each country's unique blend of tools for healthcare financing including taxes subsidies and market controls Most people in low and middle income countries LMICs have no health insurance of any kind And most LMIC governments lack the political will information or resources to require their citizens to buy health insurance themselves or to subsidize insurance for all who cannot afford the price This book deals with financing voluntary and contributory health insurance for resource poor and rural groups in LMICs This book addresses three issues The first is how to catalyse demand for health insurance and develop insurance literacy among the largely illiterate and innumerate target population using training programs to build an enabling consensus allowing locals to create and administer such schemes The second involves the process of developing simplified methods for risk assessment which can help to underwrite risks price the micro health insurance schemes and ensure proper implementation The third issue is formulating a compelling business case which would make this health insurance affordable financially sustainable and operationally scalable This book develops insurance education and financial literacy for students of economics business administration insurance development studies and social work to prepare them for practical work as implementers policymakers or evaluators A supplementary section for teachers and students includes comprehension questions

Managing Climate Change Adaptation in the Pacific Region Walter Leal Filho, 2020-03-03 This book presents papers written by scholars practitioners and members of social movements and government agencies pursuing research and or climate change projects in the Pacific region Climate change is impacting the Pacific in various ways including numerous negative effects on the natural environment and biodiversity As such a better understanding of how climate change affects Pacific communities is required in order to identify processes methods and tools that can help countries and the communities in the region to adapt and become more resilient Further the book showcases successful examples of how to cope with the social economic and political problems posed by climate change in the region

Parliamentary Debates (Hansard). Great Britain. Parliament. House of Commons, 2013 **ACCA Paper P2 - Corporate Reporting (INT and UK) Practice and revision kit** BPP Learning Media, 2012-01-01 Question practice is essential for all papers but particularly for P2 as it has a strong fear factor Questions look intimidating and it is only once you get into the detail that you realise that there are easy marks on offer Our examiner reviewed Practice and Revision Kit gives ample opportunity to practice the long case study questions so important in the exam Three mock exams provide essential exam rehearsal practice Many questions have marking schemes so that you can see that the examiner awards marks for these techniques
