## **Person And Being:**

*Person, Being, and History* Michael Baur, Robert E. Wood, 2011-03 During a distinguished career as thinker and educator at universities across North America philosopher Kenneth L Schmitz has striven to recover metaphysical realism in a world that has after Kant turned to the subject Schmitz has done so through precisely the window of the subjectivity particularity and concern for history which marks philosophy after Kant Although primarily associated with his native University of Toronto where he was known as the Educator Schmitz also taught at Loyola Marymount Marquette the Catholic University of America and the John Paul II Institute for Studies on Marriage and Family His teaching focused upon the singularity of the human person founded upon the notion of being that generates the history of philosophy He was eminently generous in his appreciation of the philosophers about whom he lectured He taught philosophy richly grounded in the history of philosophy as a gold mine rather than as a minefield Anchored in his spirit the various essays in this volume by colleagues and former students of Schmitz examine his thought and the subjects of his teaching In addition to an overall exposition of his own thought the collection treats themes such as gift faith and reason culture and dialogue modernity and post modernity and themes in the work of various thinkers including Aristotle Anselm Aquinas Martin Heidegger Gabriel Marcel Max Scheler and Jean Paul Sartre Special attention is given to G W F Hegel whose philosophy Schmitz was particularly adept at teaching He turned many a budding scholar into a life long student of Hegel s work Several of the essays begin with a special tribute to the honoree The volume concludes with a bibliography of Schmitz s many works Michael Baur is associate professor of philosophy and adjunct professor of law at Fordham University He is the editor of numerous works including *The Emergence of German Idealism* Robert E Wood is professor and former chair of philosophy at the University of Dallas He is the longtime editor of the *American Catholic Philosophical Quarterly* and author of three books and numerous articles Contributors Thomas Anderson Jennifer Bates Michael Baur John Burbidge Thomas Busch James Crooks Daniel O Dahlstrom John Deely Martin Donougho Jude P Dougherty Louis Dupr James Kow Jay Lampert John C McCarthy Ralph McInerny John Russon Daniel E Shannon and Robert E Wood PRAISE FOR THE BOOK The editors of this book have done a great service in drawing attention to the notable excellences of Schmitz s work excellences both systematic and historical Perhaps this will provide some impetus to make available more of his essays surely worthy to be communicated to as wide an audience as possible The Thomist In his work Kenneth Schmitz seeks to unify the disparate and argumentatively to seek the common ground on a diverse gathering of opinions Not that he is blind to difference or so tolerant that criticism is suspended Rather his principal convictions enable him to favor the principle of charity in interpretation and respect in critical assessment That these qualities have been communicated to his former students and colleagues is apparent in these essays This collection brings the facets of Schmitz s philosophical thought into a fruitful exchange and introduces the lifework of an incredibly gifted and original thinker Thomas R Flynn Samuel Candler Dobbs Professor of Philosophy Emory University **One God in One**

experience of loss as a concept in its own right sheds light on so much of the work we do in the care of others This book develops a new overarching framework to understand loss and grief taking into account both pathological and wellbeing approaches to the subject Drawing on international and cross disciplinary research Judith Murray highlights nine common themes of loss helping us to understand how it is experienced These themes are then used to develop a practice framework for structuring assessment and intervention systematically Throughout the book this generic approach is highlighted through discussing its use in different loss events such as bereavement trauma chronic illness and with children or older people Having been used in areas as diverse as child protection palliative care and refugee care the framework can be tailored to a range of needs and levels of care Caring for people experiencing loss is an integral part of the work of helping professions whether it is explicitly part of their work such as in counselling or implicit as in social work nursing teaching medicine and community work This text is an important guide for anyone working in these areas
