PROJECT BACKGROUND	
<i>This page to be completed by the Project management team on behalf of the teams</i>	
Project Title: <i>Provide a succinct title for the project</i>	
Project Aim: <i>Overall aim of the project</i>	<i>Key message – to improve clinical handover practices by implementing a standardised process for handover.</i>
Project Background: <i>Brief outline of the project, consider including the problem or practice gap</i>	
Project Benefits: <i>Outline the benefits of standardised clinical handover to the organisation in terms of time, money, resources</i>	<i>This Project will result in the following outcomes:</i> • • •
Project Objectives: <i>NOTE: use SMART objectives</i> • <i>Specific</i> • <i>Measurable</i> • <i>Achievable</i> • <i>Relevant</i> • <i>Timely</i>	<i>The overarching project objectives are:</i> • • • •
SCOPE OF THE PROJECT IN YOUR HEALTH SERVICE	
<i>Insert organisation name here</i>	
<i>The following section of the project planning document is specific to each team.</i>	
Organisational Context <i>Why is the project important for your organisation or health service? The objective may mirror the overall aim of the project from page 1 - the intention is to localise the objective to be relevant for participants and project team.</i>	<i>Short brief statements with outcomes that creates the common goal</i>
This project will include: <i>e.g. which wards, clinical units or departments ill be included in implementation or will it be an all of organisation approach? Think</i>	This project will not include: <i>What is out of scope – consider activities that may be peripheral to the project, possibly nice to do but not core to the project aims</i>

Designing and Planning Programs for Nonprofit and Government Organizations Edward J. Pawlak, Robert D. Vinter, 2004-07-29 Designing and Planning Programs for Nonprofit and Government Organizations is a comprehensive guide for practitioners who must carry out program planning projects in nonprofit or government human service organizations. Authors Edward J. Pawlak and Robert D. Vinter, experts in the field of program planning, show how planning is a goal-directed activity that will succeed when its tasks are carried out in orderly progressive stages. In this important resource, the authors walk practitioners and students through the entire process from initiation to completion of planning projects and examine the relationship between planning, implementation, and program operations. *Planning for Success* Dorothy Herman, 1991 Dorothy Herman is the master principal. This book is a sharing of her experiences. Even if your style and school are different, this is a valuable chance to watch how another administrator runs a school. Strategic Planning for the Chiropractic Practice Michael R. Wiles, 2007-07-23 *Lesson Planning For Effective Learning* Fautley, Martin, Savage, Jonathan, 2013-10-01 This book is about lesson planning, which is an essential component of every teacher's practice. The Manager's Guide to Simple, Strategic, Service-Oriented Business Continuity Rachelle Loyear, MBCP, AFBCI, CISM, PMP, 2017-05-10 You have the knowledge and skill to create a workable Business Continuity Management (BCM) program, but too often your projects are stalled while you attempt to get the right information from the right person. Rachelle Loyear experienced these struggles for years before she successfully revamped and reinvented her company's BCM program. In *The Manager's Guide to Simple Strategic Service-Oriented Business Continuity*, she takes you through the practical steps to get your program back on track. Rachelle Loyear understands your situation well. Her challenge was to manage BCM in a large enterprise that required hundreds of BC plans to be created and updated. The frustrating reality she faced was that subject matter experts in various departments held the critical information she needed, but few were willing to write their parts of the plan. She tried and failed using all the usual methods to educate and motivate and even threaten departments to meet her deadlines. Finally, she decided there had to be a better way. The result was an incredibly successful BCM program that was adopted by BCM managers in other companies. She calls it The Three S's of BCM Success, which can be summarized as Simple Strategic Service-Oriented. Loyear's approach is easy and intuitive, considering the BCM discipline from the point of view of the people in your organization who are tasked to work with you on building the plans and program. She found that most people prefer Simple solutions when they are faced with something new and different. Strategic use of their time, making their efforts pay off, Service to be provided, lightening their part of the load while still meeting all the basic requirements. These tactics explain why the 3S program works. It helps you, it helps your program, and it helps your program partners. Loyear says, "If you follow the Three S philosophy, the number of plans you need to document will be fewer, and the plans will be simpler and easier to produce. I've seen this method succeed repeatedly when the traditional method of handing

a business leader a form to fill out or a piece of software to use has failed to produce quality plans in a timely manner In The Manager s Guide to Simple Strategic Sevice Oriented Business Continuity Loyear shows you how to Completely change your approach to the problems of BCM buy in Find new ways to engage and support your BCM program partners and subject matter experts Develop easier to use policies procedures and plans Improve your overall relationships with everyone involved in your BCM program Craft a program that works around the roadblocks rather than running headlong into them

Nuclear Weapons Susan D. Kladiva,2001-03 To ensure the continued safety whether the program is meeting its key milestones whether the program is within its projected budget what key technical risks the program faces Charts tables

to earth modern textbook bridges the gap between much development planning theory and planning practice while promoting a value based action centred and organization inclusive approach *The ASQ Certified Software Quality*

Engineer Handbook Linda Vogelsong Westfall,2025-01-05 The ASQ Certified Software Quality Engineer Handbook Third Edition contains information and guidance that supports all the topics within the 2023 version of the Certified Software

Quality Engineer CSQE Body of Knowledge BoK Armed with the knowledge in this handbook qualified software quality practitioners will be prepared for the ASQ CSQE exam It is also helpful for any practitioner or manager who needs to

understand the aspects of software quality that impacts their work The National Planning Policy Framework Great Britain: Parliament: House of Commons: Communities and Local Government Committee,2011-12-21 This report

recommends that a default answer of yes to development should be removed from the National Planning Policy Framework NPPF The phrase significantly and demonstrably must also be removed from the presumption that all planning applications should be approved unless the adverse effects significantly and demonstrably outweigh the benefits because it adds a further barrier to the achievement of truly sustainable development The definition of sustainable development is inadequate and often conflated with sustainable economic growth The framework gives the impression that greater emphasis should be given in planning decisions to economic growth undermining the equally important environmental and social elements of the planning system The NPPF should require local planning decisions to be taken in accordance with the presumption in favour of sustainable development consistent with Local Plans It is unacceptable that so many parts of England have yet to develop and adopt a new Local Plan Clarity within the NPPF has suffered in the pursuit of brevity Inconsistent drafting could create gaps in planning policy or guidance that could lead to a huge expansion in the size of Local Plans as local authorities attempt

to plug those gaps The test for viability as currently worded risks allowing unsustainable developments to go ahead if measures to make them sustainable are deemed to make them unviable for the developer MPs also call for a sensible transition period to give local authorities time to put Local Plans in place where they have not already done so

Programming and Planning in Early Childhood Settings Leonie Arthur, Bronwyn Beecher, Elizabeth Death, Susan Dockett, Sue Farmer, 2017-08-07 *Programming Planning in Early Childhood Settings* explores a range of approaches to curriculum and to documenting children's learning in early childhood settings This valuable resource for early childhood education students and practitioners provides a broad view of the concepts and issues in early childhood curriculum Chapters reflect ongoing discussions about what is meant by the terms planning and programming in the context of early childhood what is authentic curriculum for young children and effective teaching strategies to extend young children's learning The strong focus on sociocultural theories of learning promotes awareness of children's diverse experiences competencies and learning styles and helps readers recognise the need for collaborative partnerships between educators children and families in order to develop appropriate programs Thoroughly revised and updated this new edition shows how chapters of the text are relevant to the Australian Professional Standards for teachers and highlights connections to the school based context Numerous real life examples reflections articles and case studies assist students to understand a variety of educational theories philosophies and frameworks Throughout the book there is a focus on the processes of reflection evaluation and ongoing improvement

Leisure Program Planning and Delivery Ruth V. Russell, Lynn Marie Jamieson, 2008 This course textbook provides a comprehensive three step plan for successful programming of services programme leadership and understanding operational management in recreation and leisure organisations

Building an Enterprise-Wide Business Continuity Program Kelley Okolita, 2016-04-19 If you had to evacuate from your building right now and were told you couldn't get back in for two weeks would you know what to do to ensure your business continues to operate Would your staff Would every person who works for your organization Increasing threats to business operations both natural and man made mean a disaster could occur at any time It is essential that corporations and institutions develop plans to ensure the preservation of business operations and the technology that supports them should risks become reality Building an Enterprise Wide Business Continuity Program goes beyond theory to provide planners with actual tools needed to build a continuity program in any enterprise Drawing on over two decades of experience creating continuity plans and exercising them in real recoveries including 9/11 and Hurricane Katrina Master Business Continuity Planner Kelley Okolita provides guidance on each step of the process She details how to validate the plan and supplies time tested tips for keeping the plan action ready over the course of time Disasters can happen anywhere anytime and for any number of reasons However by proactively planning for such events smart leaders can prepare their organizations to minimize tragic consequences and readily restore order with confidence in the face of such adversity

Plan to Succeed Steven C. Stryker, 2012-03-01
