Bryant & May: London Bridge Is Falling Down Christopher Fowler, 2021-12-07 Unbeatable fun Christopher Fowler takes delight in stuffing his books with esoteric facts The Guardian The brilliant duo of Arthur Bryant and John May uncovers a nefarious plot behind the seemingly innocuous death of an old lady and when the case leads them to London Bridge it all comes down on the Peculiar Crimes Unit When ninety one year old Amelia Hoffman dies in her top floor flat on a busy London road it's considered an example of what has gone wrong with modern society she slipped through the cracks in a failing system But detectives Arthur Bryant and John May of the Peculiar Crimes Unit have their doubts Mrs Hoffman was once a government security expert though no one can quite remember her When a link emerges between the old lady and a

diplomat trying to flee the country it seems that an impossible murder has been committed Mrs Hoffman wasn't the only one at risk Bryant is convinced that other forgotten women with hidden talents are also in danger And curiously they all own models of London Bridge With the help of some of their more certifiable informants the detectives follow the strangest of clues in an investigation that will lead them through forgotten alleyways to the city's fabled bridge in search of a desperate killer But just when the case appears to be solved they discover that Mrs Hoffman was smarter than anyone imagined There's a bigger game afoot that could have terrible consequences
