Recipe For Seafood Gumbo For Christmas:

The Christmas Fish Melba Harris, 2018-10-15 When some of us think of Christmas we think of certain symbols Among the symbols that come to mind are Christmas trees Santa Claus mistletoe and turkey This particular story introduces us to a different kind of Christmas symbol This special symbol is a fish and this story is about some special qualities it seems to have This fish which seems to arrive at Christmastime unites a group of very good and giving people and creates a community of love and laughter It also brings about a special togetherness which is typical of what the yuletide season is about The fish seems to carry with it a message that says Let s never forget how good Christmas feels The characters in the story represent a special kind of unselfishness and expect nothing in return Their story serves to tell us that we are often unaware of how little it takes to be kind and to give willingly It reminds us of how good it feels to give We are shown the worth and warmth of being surrounded by good friends good people combined with acts of kindness Though fictional with a hint of a mythical legend it is a reminder that ever so often we forget about how much goodness is in all of us Sometimes it takes a most unusual source like a fish to remind us that the special gifts we gain from giving to others are far more valuable than beautifully wrapped boxes under a tree We must live with caring and sharing in our hearts each and every day Maybe after reading this story you will think about Christmas whenever you see a fish and wonder if it is the special fish that brought about a lot of miracles during the most joyous holiday season of all Maybe some of you may even become believers of the legacy of the Christmas fish and look out of your windows on Christmas Eve night to see if the group is still traveling to share the fish with those willing to make the journey to give a share of the real spirit of Christmas to everybody **The Christmas**

Tales of Texas Cooking Frances Brannen Vick, 2015-12-15 According to Renaissance woman and Pepper Lady Jean Andrews although food is eaten as a response to hunger it is much more than filling one's stomach It also provides emotional fulfillment This is borne out by the joy many of us feel as a family when we get in the kitchen and cook together and then share in our labors at the dinner table Food is comfort yet it is also political and contested because we often are what we eat meaning what is available and familiar and allowed Texas is fortunate in having a bountiful supply of ethnic groups influencing its foodways and Texas food is the perfect metaphor for
