Department of Forestry and Fire Protection,1991 *Apical Periodontitis in Root-Filled Teeth* Thomas Kvist,2017-10-20 This book is a comprehensive guide to apical periodontitis in root filled teeth that covers not only all aspects of diagnosis and management but also epidemiology etiology consequences clinical decision making and prognosis There is a particular focus on the available surgical and nonsurgical methods of retreatment designed to restore healthy periapical conditions Alternatives to retreatment are also explored including a conservative approach involving monitoring of the diseased tooth without intervention and the option of extraction and replacement with an implant or a fixed prosthesis The goal of root canal treatment is to save the natural tooth even when tissue breakdown has resulted in pathological conditions of the pulp and periradicular tissue However population studies reveal that complete healing is often absent in root filled teeth and apical periodontitis is frequently observed in conjunction with root fillings of poor technical quality Under these circumstances questions arise as to how the apical periodontitis is impacting on the patient and how the condition should be tackled Readers will find this well illustrated book to be of great value in directing clinical practice *The Timberman* ,1929 Political Reform In Francophone Africa John F Clark,2018-02-07 Most African states experienced only a few fleeting years of democratic rule after independence before succumbing to authoritarianism During the 1970s and 1980s Africans and Westerners alike came to view dictatorship to be as much a part of the region's social landscape as its grinding poverty Yet the end of the Cold War and the sharpening of the economic crisis at the end of the 1980s have breathed new life into campaigns for democracy in Africa shaking the foundations of many long standing autocracies In some cases dramatic transitions took place though the fate of the new democracies is far from certain This volume explores the origins and evolution of political reform movements in several states of francophone Africa The authors first make the case for the distinctiveness of francophone Africa based on the influences of colonial history language and France's contemporary role in Africa then survey the challenges of reform including the problems of transition from authoritarianism and consolidation of democratic regimes Case studies of thirteen former French and Belgian colonies follow organized by level of reform achieved peaceful regime change incremental reforms repressed reform efforts and reform in the midst of war **REASONING YCT EXPERT TEAM, RRB 2021 REASONING CHAPTER WISE SOLVED PAPERS** **Canadian Journal of Forest Research** ,2003 **Formal Peace and Informal War** Zoë Marriage,2013-05-02 Northern interventions into African countries at war are dominated by security concerns bolstered by claims of shared returns and reinforcing processes of development and

security As global security and human security became prominent in development policy Congo was wracked by violent rule pillage internal fighting and invasion In 2002 the Global and All Inclusive Peace was promoted by northern donors placing a formal peace on the mass of informalised wars Formal Peace and Informal War Security and Development in Congo examines how the security interests of the Congolese population have interacted with those of northern donors It explores Congo s contemporary wars and the peace agreed on in 2002 from a security perspective and challenges the asserted commonality of the liberal interventions made by northern donors It finds that the peace framed the multiple conflicts in Congo as a civil war and engineered a power sharing agreement between elite belligerents The book argues that the population were politically and economically excluded from the peace and have been subjected to control and containment when their security rests with power and freedom Ethnic Politics and State Power in Africa Philip Roessler, 2016-12-15 Why are some African countries trapped in vicious cycles of ethnic exclusion and civil war while others experience relative peace In this groundbreaking book Philip Roessler addresses this question Roessler models Africa s weak ethnically divided states as confronting rulers with a coup civil war trap sharing power with ethnic rivals is necessary to underwrite societal peace and prevent civil war but increases rivals capabilities to seize sovereign power in a coup d tat How rulers respond to this strategic trade off is shown to be a function of their country s ethnic geography and the distribution of threat capabilities it produces Moving between in depth case studies of Sudan and the Democratic Republic of the Congo based on years of field work and statistical analyses of powersharing coups and civil war across sub Saharan Africa the book serves as an exemplar of the benefits of mixed methods research for theory building and testing in comparative politics **Reasoning Solved Papers** YCT Expert Team , 2023 24 RRB Reasoning Solved Papers
