A Question Worth Asking Angeline Fortin,2016-09-01 The halls of Glen Cairn Manor churned with so much love and wedded bliss of late the sight had become downright sickening James MacKintosh couldn't understand how his brothers had managed to fall love struck one after another Not when they all knew as well as he how such an emotion could send a man from heaven straight to the bowels of hell But damned if they didn't somehow make it all look so bloody appealing New York suffragette Primrose Eames had more than enough men trying to control her already There was no chance she'd relent and marry again despite her brothers dogged encouragement on the matter More than anything she wanted independence and the freedom to live life on her own terms A husband would only serve to snatch that dream away from her forever What Prim needed was a decoy and James MacKintosh was just the man for the job Having failed in his search for the perfect woman to wed James was happy to help Prim with a false courtship but only because it served his purposes to avoid the matchmakers as well However James soon discovers that even a fictitious courtship with a woman set on never remarrying has its own challenges For Prim the courtship begins to feel all too real James is too charming too engaging and so supportive of her cause It doesn't take long before she realizes there is a certain freedom to be found in marriage the right sort of man If the right sort of man were interested in marriage that is It's only when betrayal and despair leave them both longing for more in their lives that they realize the importance of a love worth having and a question worth asking
