Robert Leach

Russian Avant Garde Theatre War Revolution And Design:

Russian Avant-garde Theatre John E. Bowlt,Victoria and Albert Museum,2014 A landmark volume which explores the remarkable flowering of radical visionary and experimental design for performance in Russia from 1913 1933 Russian Futurist Theatre Robert Leach,2018-05-31 A collection of original essays establishing how wide the intellectual boundaries of narrative theory have become Russian Theatre in Practice Amy Skinner,2019-04-18 Amidst the turmoil of political revolution the stage directors of twentieth century Russia rewrote the rules of theatre making From realism to the avant garde politics to postmodernism and revolution to repression these practitioners shaped perceptions of theatre direction across the world This edited volume introduces students and practitioners alike to the innovations of Russia s directors from Konstantin Stanislavsky and Vsevolod Meyerhold to Anatoly Efros Oleg Efremov and Genrietta Ianovskaia Strongly practical in its approach Russian Theatre in Practice The Director s Guide equips readers with an understanding of the varying approaches of each director as well as the opportunity to participate and explore their ideas in practice The full range of the director s role is covered including work on text rehearsal technique space and proxemics audience theory and characterization Each chapter focuses on one director exploring their historical context and combining an examination of their directing theory and technique with practical exercises for use in classroom or rehearsal settings Through their ground breaking ideas and techniques Russia s directors still demand our attention and in this volume they come to life as a powerful resource for today s theatre makers Historical Dictionary of Russian Theatre Laurence Senelick,2015-08-13 A latecomer continually hampered by government control and interference the Russian theatre seems an unlikely source of innovation and creativity Yet by the middle of the nineteenth century it had given rise to a number of outstanding playwrights and actors and by the start of the twentieth century it was in the vanguard of progressive thinking in the realms of directing and design Its influence throughout the world was pervasive Nikolai Gogol Anton Chekhov and Maksim Gor kii remain staples of repertories in every language the ideas of Konstantin Stanislavskii Vsevolod Meierkhol d and Mikhail Chekhov continue to inspire actors and directors while designers still draw on the graphics of the World of Art group and the Constructivists What distinguishes Russian theater from almost any other is the way in which these achievements evolved and survived in ongoing conflict or cooperation with the State This second edition of Historical Dictionary of Russian Theatre covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on individual actors directors designers entrepreneurs plays playhouses and institutions Censorship Children s Theater migr Theater and Shakespeare in Russia This book is an excellent access point for students researchers and anyone wanting to know more about Russian Theatre Handbook of International Futurism Günter Berghaus,2018-12-17 The Handbook of International Futurism is the first reference work ever to presents in a comparative fashion all media and countries in which the movement initiated by F T Marinetti in 1909 exercised a particularly noteworthy

influence The handbook offers a synthesis of the state of scholarship regarding the international radiation of Futurism and its influence in some fifteen artistic disciplines and thirty eight countries While acknowledging the great achievements of the movement in the visual and literary arts of Italy and Russia it treats Futurism as an international multidisciplinary phenomenon that left a lasting mark on the manifold artistic manifestations of the early twentieth century avant garde Hundreds of artists who in some phase in their career absorbed Futurist ideas and stylistic devices are presented in the context of their national traditions their international connections and the media in which they were predominantly active The handbook acts as a kind of multi disciplinary geographical encyclopaedia of Futurism and gives scholars with varying levels of experience a detailed overview of all countries and disciplines in which the movement had a major impact

Dramaturgy and Architecture Cathy Turner,2015-09-09 Dramaturgy and Architecture approaches modern and postmodern theatre s contribution to the way we think about the buildings and spaces we inhabit It discusses in detail ways in which theatre and performance have critiqued and intervened in everyday spaces modelled our dreams or fears and made proposals for the future **The Theatre of Katie Mitchell** Benjamin Fowler,2018-08-06 This first volume in the 4x45 series investigates the work of theatre director Katie Mitchell Pausing to reconsider a career in progress it engages with some of Mitchell s most recent work in the UK and Europe across theatre opera and Live Cinema It also takes a longer view considering the early turns that Mitchell took at the start of her career in the late 1980s This volume gives full scope to the voice of the practitioner alongside scholarly perspectives in order to understand the work from within Interviews with Mitchell s collaborators get inside her process and inside the thinking of key artists who help craft the distinctive visual aesthetic and technological forms of Mitchell s productions Three major concerns criss cross these contributions the political implications of aesthetic form the meaning of Mitchell s interest in the radical project of early Naturalism and the influence of Europe on Mitchell s avant garde experimentalism which often draws on technology to open up new modes of perception and experience An accessible and encompassing examination of one of Europe s most celebrated theatrical talents 4x45 The Theatre of Katie Mitchell is a unique resource for scholars students and practitioners of Theatre Studies Performance and Directing **The Futurist Files** Iva Glisic,2018-10-26 Futurism was Russia s first avant garde movement Gatecrashing the Russian public sphere in the early twentieth century the movement called for the destruction of everything old so that the past could not hinder the creation of a new modern society Over the next two decades the protagonists of Russian Futurism pursued their goal of modernizing human experience through radical art The success of this mission has long been the subject of scholarly debate Critics have often characterized Russian Futurism as an expression of utopian daydreaming by young artists who were unrealistic in their visions of Soviet society and na ve in their comprehension of the Bolshevik political agenda By tracing the political and ideological evolution of Russian Futurism between 1905 and 1930 Iva Glisic challenges this view demonstrating that Futurism took a calculated and systematic approach to its contemporary socio

political reality This approach ultimately allowed Russia s Futurists to devise a unique artistic practice that would later become an integral element of the distinctly Soviet cultural paradigm Drawing upon a unique combination of archival materials and employing a theoretical framework inspired by the works of philosophers such as Lewis Mumford Karl Mannheim Ernst Bloch Fred Polak and Slavoj i ek The Futurist Files presents Futurists not as blinded idealists but rather as active and judicious participants in the larger project of building a modern Soviet consciousness This fascinating study ultimately stands as a reminder that while radical ideas are often dismissed as utopian and impossible they did and can have a critical role in driving social change It will be of interest to art historians cultural historians and scholars and students of Russian history *The Russian Revolution and Civil War 1917-1921* Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state

The Nineteenth-Century Novel and the Pre-Cinematic Imagination Alberto Gabriele,2024-11-14 This book fills a gap in existing scholarship on the history of the novel in relation to visual culture by discussing the visual fascination that novelists such as Nathaniel Hawthorne Herman Melville Honor de Balzac and George Eliot show for several types of pre cinematic spectacle It also identifies a so far neglected aspect of novel theory that nineteenth century authors elaborated by incorporating suggestions from pre cinematic visual spectacles By shedding light on forms of visuality that were not entertained by the dominant aesthetic modes of painting and photography The Nineteenth Century Novel and the Pre Cinematic Imagination argues that the presence of nineteenth century pre cinematic optical illusions in works of fiction redefines the notion of mimesis as animated movement and points to a continuity between pre cinema the literary imagination and the structures of knowledge production of the modern episteme
