## **Scorched Surrender :**

**Unconditional Surrender** Walter Ludde-Neurath,2010-06-14 This is the first English language translation of a crucial memoir of the dying days of Hitler's Third Reich. Walter Ludde-Neurath was an accomplished officer who served with a variety of torpedo boats and destroyers, slowly rising through the ranks. In September 1944 he was selected to be the new adjutant to Grand Admiral Donitz. He enjoyed a close relationship with Donitz over what proved to be a crucial period: the formation and dissolution of the Flensburg Government, named after the headquarters Donitz was using at the time of the appointment. The memoir details the discussions within the new cabinet, which was created after Hitler's suicide, and records how Donitz believed he would rule a new Germany and reach an accommodation with the Allies. Ludde-Neurath details the fighting amongst the candidates, in particular the confrontation of Donitz with Himmler, for which Donitz kept a revolver within his reach. Ludde-Neurath was present when the British Royal Hussars carried out Operation Blackout, surrounding and arresting the fledgling government, and records how Donitz was asked if he had any comment. Donitz responded: 'Any words would be superfluous and was taken into custody.' **Scorched Surrender** Mary Nova,2016 *The Art of Surrender* Robin Wagner-Pacifi,2005-10 Explores the ritual concessions as acts of warfare: performances of submission, demonstrations of power, and representations of shifting, unstable worlds. The author considers the limits of sovereignty at conflict's end, showing how the ways we concede loss can be as important as the ways we claim victory. **Scorch** Cali

MacKay,2017-09-12 Trying to avoid a war between my family and one of the most notorious criminals in Seattle, I'm forced to take a job I have no interest in doing. All I have to do is hack into one of the most protected systems in the whole country and walk away with the goods. In the middle of this asinine scheme, the last person I expect to run into is Avery, my biggest regret and the only woman I've ever loved. But this time she's on the right side of the law, and the moment she spots me, she knows I'm up to no good. She wants to bargain or throw my ass in jail. I want her naked in my bed, screaming out my name. And they may call me Scorch for a reason, but this time around, I'll be the one who'll get burned when I put my heart on the line.

**Saving Italy** Robert M. Edsel,2013-05-06 New York Times Bestseller A poignant, fascinating story bringing to life the soldier-scholars who saved Italy's treasures. Evan Thomas, best-selling author of *Ike's Bluff* and *Sea of Thunder*. When Hitler's armies occupied Italy in 1943, they also seized control of mankind's greatest cultural treasures. As they had done throughout Europe, the Nazis could now plunder the masterpieces of the Renaissance, the treasures of the Vatican, and the antiquities of the Roman Empire. On the eve of the Allied invasion, General Dwight Eisenhower empowered a new kind of soldier to protect these historic riches. In May 1944, two unlikely American heroes, artist Deane Keller and scholar Fred Hartt, embarked from Naples on the treasure hunt of a lifetime, tracking billions of dollars of missing art, including works by Michelangelo, Donatello, Titian, Caravaggio, and Botticelli. With the German army retreating up the Italian peninsula, orders came from the highest levels of the Nazi government to transport truckloads of art north across the border into the Reich. Standing in the way was

**America's Dirty Wars** Russell Crandall, 2014-04-28 This book examines the long complex experience of American involvement in irregular warfare It begins with the American Revolution in 1776 and chronicles big and small irregular wars for the next two and a half centuries What

is readily apparent in dirty wars is that failure is painfully tangible while success is often amorphous Successfully fighting these wars often entails striking a critical balance between military victory and politics America's status as a democracy only serves to make fighting and to a greater degree winning these irregular wars even harder Rather than futilely insisting that Americans should not or cannot fight this kind of irregular war Russell Crandall argues that we would be better served by considering how we can do so as cleanly and effectively as possible **Singapore 1941-1942** Allen Louis,2013-11-05 Winston Churchill described the loss of Singapore as the greatest disaster ever to befall British arms Louis Allen analyzes the remote political causes of the Japanese campaign gives an account of the events of the campaign and then attempts to apportion responsibility for the defeat Nagasaki Susan Southard,2015 On August 9 1945 three days after the atomic bombing of Hiroshima the United States dropped a second atomic bomb on Nagasaki a small port city on Japan's southernmost island An estimated 74 000 people died within the first five months and another 75 000 were injured Published on the seventieth anniversary of the bombing Nagasaki takes readers from the morning of the bombing to the city today telling the first hand experiences of five survivors all of whom were teenagers at the time of the devastation Neutrality and Small States (Routledge Revivals) Efraim Karsh,2012-11-12 Originally published in 1988 this book examines the experiences of neutral states in Europe during the Second World War and in the postwar period It examines both the practical and the theoretical considerations and the interface between the two and discusses the implications of the experience of these countries for small states generally **Making Ireland British 1580-1650** Nicholas Canny,2001-05-03 This is the first comprehensive study of all the plantations that were attempted in Ireland during the years 1580 1650 It examines the arguments advanced by successive political figures for a plantation policy and the responses which this policy elicited from different segments of the population in Ireland The book opens with an analysis of the complete works of Edmund Spenser who was the most articulate ideologue for plantation The author argues that all subsequent advocates of plantation ranging from King James VI and I to Strafford to Oliver Cromwell were guided by Spenser's opinions and that discrepancies between plantation in theory and practice were measured against this yardstick The book culminates with a close analysis of the 1641 insurrection throughout Ireland which it is argued steered Cromwell to engage in one last effort to make Ireland British
