Yardley,2015-02-09 For approaching two centuries the images on postage stamps have been used to convey messages from the government of the day to the general public Science has been used to enhance those messages for the past nine decades In this book I explore the ways in which science and scientists have been portrayed on stamps and look at the ideas and in some cases the propaganda that underpins them Page 1 **Phila-Italy Americana** Gerardo Perrotta,2013-06-04 Postage stamps do more than just facilitate the transport of mail They tell a story This book tells the unique story of the indelible imprint Italians Italian Americans and lovers of Italian culture have imparted on the formation and development of the United States While each encapsulated image traces a single thread of the journey together they form a rich trove of experiences and contributions from the very beginning to the present But the story does not end here As successes and contributions from this large ethnic and highly assimilated group continue to mount the pictorial story of America will continue to grow
