15 An administrator deploys wireless access points across the office to provide wireless network connectivity to users. Each workstation receives an IP address via DHCP. After a file server with a static IP is connected to the wired network, the administrator receives an IP address conflict message. What is a possible solution?

- ☐ Restart the DHCP service.
- ☐ Connect the file server to the wireless network.
- ☐ Change the IP address of the file server with the ipconfig /release and ipconfig /renew commands.
- ☒ Change the static IP address on the file server.
