Northwest University Essay Prompt 2015

Michal Rosen-Zvi

Northwest University Essay Prompt 2015:

The Campus Rape Frenzy KC Johnson, Stuart Taylor, Jr., 2018-05-22 In recent years politicians led by President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation's institutions of higher learning as awash in a violent crime wave and to suggest preposterously that university leaders professors and students are indifferent to female sexual assault victims in their midst Neither of these claims has any bearing to reality But they have achieved widespread acceptance thanks in part to misleading alarms from the Obama administration and biased media coverage led by The New York Times The frenzy about campus rape has helped stimulate and has been fanned by ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation's all too compliant colleges and universities essentially to presume the guilt of accused students The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play This book uses hard facts to set the record straight It explores among other things nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have in a lopsided process been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges often after being tarred and feathered by their fellow students And it shows why all students and eventually society as a whole are harmed when our nation's universities abandon pursuit of truth and seek instead to accommodate the passions of the mob As detailed in the new Epilogue some encouraging events have transpired since this book was first published in October 2016 A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike revoked most of the guilt presuming Obama era policies and began a protracted rule making process designed to compel procedural fairness and nondiscrimination

Philosophy, Art, and the Imagination: Essays on the Work of John Sallis, 2022-01-31 John Sallis has been at the cutting edge of the Continental philosophical tradition for almost half a century and it is largely due to his contributions that we have come to understand Continental as designating an original philosophical not a geographical tradition His work with its uncommon scholarly rigor has come to define the best of that tradition and to expand its horizons in creative ways through a genuine philosophical imagination The essays gathered here are dedicated to assessing Sallis' contribution and to indicating some of the ways in which his works might shape the future of philosophy

[Discipline Filosofiche \(2015-2\)](#) Emanuele Mariani, 2015-09-01 Contents Emanuele Mariani Presentazione Dermot Moran Husserl on Human Subjects as Sense Givers and Sense Apprehenders in a World of Significance Dominique Pradelle De Husserl Heidegger intentionnalité monde et sens Pierre Jean Renaudie Dire et penser je La vacuité de la présence soi du sujet de Husserl Derrida Julien Farges R flexivité et scission originaire du sujet chez Husserl Jean S bastien Hardy La lutte pour la vie

et la mort les fondements affectifs de la conflictualit chez Husserl Elisa Magr Subjectivity and Empathy A Steinian Approach Pedro M S Alves Self consciousness and Intentionality A Reappraisal of Brentano s and Rosenthal s Theses Abbed Kanoor Leben und Zeit Zu Hans Blumenbergs kritischer Auseinandersetzung mit der Zeitph nomenologie Husserls Andrea Angelini Filosofia del concetto e soggettivit Jean Cavaill s tra fenomenologia e dialettica Karel Novotny Renversements de l intentionnalit Jean Luc Marion et la mise en question de la subjectivit de l appara tre Nicolas de Warren Husserl s Cartesianism anew Music and the Environment in Dystopian Narrative Heidi Hart,2018-10-31 Music and the Environment in Dystopian Narrative Sounding the Disaster investigates the active role of music in film and fiction portraying climate crisis From contemporary science fiction and environmental film to Anthropocene opera the most arresting eco narratives draw less on background music than on the power of sound to move fictional action and those who receive it Beginning with a reflection on a Mozart recording on the 1970s Voyager Golden Record this book explores links between music and violence in Lidia Yuknavitch s 2017 novel The Book of Joan songless speech in the opera Persephone in the Late Anthropocene interrupted lyricism in the eco documentary Expedition to the End of the World and dread inducing hurricane music in the Brecht Weill opera Rise and Fall of the City of Mahagonny In all of these works music allows for a state of critical vulnerability in its hearers communicating planetary crisis in an embodied way *Hyperconnectivity and Digital Reality* Kathrin Otrell-Cass,2019-08-23 This book addresses the topic of hyperconnectivity by building on expanding and critically examining issues that have to do with information communication technology ICT and networked societies The book explores questions relating to attention and consciousness techno capitalism and communicative action taking Adopting different philosophical angles to assess the challenges we face due to our entanglement with hyperconnected technologies the book studies performance and performativity in a digitised world by considering the unfolding of our onlife and by looking at what this means to educated future scientists and engineers in a hyperconnected world The book further discusses digital activities as the new constructs of ourselves and poses questions about how much literacy is needed for us not to be enslaved by those constructs The book also explores the challenges of hyperconnectivity and the health sector to showcase the vulnerabilities we are increasingly exposed to It makes clear that since the boundaries between on and offline are becoming increasingly blurred we will require new flexible frameworks that reconsider what it means to be human in a hyperconnected world *Comparative Constitutional Law in Latin America* Rosalind Dixon,Tom Ginsburg,2017-06-30 This book provides unique insights into the practice of democratic constitutionalism in one of the world s most legally and politically significant regions It combines contributions from leading Latin American and global scholars to provide bottom up and top down insights about the lessons to be drawn from the distinctive constitutional experiences of countries in Latin America In doing so it also draws on a rich array of legal and interdisciplinary perspectives Ultimately it shows both the promise of democratic constitutions as a vehicle for social economic and political change and the variation in the actual

constitutional experiences of different countries on the ground or the limits to constitutions as a locus for broader social change

The Ruse of Techne Dimitris Vardoulakis, 2024-09-03 The Ruse of Techne offers a reappraisal of Heidegger's entire work by focusing on the forms of activity he regards as separate from instrumentality. Non-instrumental activities like authenticity, poetry, and thinking in short, the ineffectual, are critical for Heidegger as they offer the only path to the truth of being throughout his work. By unearthing the source of the conception of non-instrumental action in Heidegger's reading of Aristotle, Vardoulakis elaborates how it forms part of Heidegger's response to an old problem, namely, how to account for difference after positing a single and unified being that is not amenable to change. He further demonstrates that an action without ends and effects leads to an ethics and politics rife with difficulties and contradictions that only become starker when compared to other responses to the same problem that we find in the philosophical tradition and which rely on instrumentality. Heidegger's conception of an action without ends or effect forgets the role of instrumentality in the tradition that posits a single unified being. And yet the ineffectual has had a profound influence in how continental philosophy determines the ethical and the political since World War II. The critique of the ineffectual in Heidegger is thus effectively a critique of the conception of praxis in continental philosophy. Vardoulakis proposes that it is urgent to undo the forgetting of instrumentality if we are to conceive of a democratic politics and an ethics fit to respond to the challenges of high capitalism.

Heidegger on Technology Aaron James Wendland, Christopher Merwin, Christos Hadjioannou, 2018-09-13 This collection offers the first comprehensive and definitive account of Martin Heidegger's philosophy of technology. It does so through a detailed analysis of canonical texts and recently published primary sources on two crucial concepts in Heidegger's later thought: *Gelassenheit* and *Gestell*. *Gelassenheit* translated as releasement and *Gestell* often translated as enframing stand as opposing ideas in Heidegger's work whereby the meditative thinking of *Gelassenheit* counters the dangers of our technological framing of the world in *Gestell*. After opening with a scholarly overview of Heidegger's philosophy of technology as a whole, this volume focuses on important Heideggerian critiques of science, technology, and modern industrialized society, as well as Heidegger's belief that transformations in our thought processes enable us to resist the restrictive domain of modern techno-scientific practice. Key themes discussed in this collection include the history, development, and defining features of modern technology; the relationship between scientific theories and their technological instantiations; the nature of human agency and the essence of education in the age of technology; and the ethical, political, and environmental impact of our current techno-scientific customs. This volume also addresses the connection between Heidegger's critique of technology and his involvement with the Nazis. Finally, and with contributions from a number of renowned Heidegger scholars, the original essays in this collection will be of great interest to students of Philosophy, Technology Studies, the History of Science, Critical Theory, Environmental Studies, Education, Sociology, and Political Theory.

Festschrift in Honour of Kathy Charmaz Antony Bryant, Adele E. Clarke, 2022-11-14 This Festschrift to honour Kathy Charmaz's scholarship features

fourteen chapters plus an editors introduction exploring CGT extensively examining topics including Indigenization of the method its approaches to decolonizing research uses of CGT in social justice research and the legacies of Kathy Charmaz s remarkable mentorship **The Law's Ultimate Frontier: Towards an Ecological Jurisprudence** Horatia Muir

Watt,2023-05-18 This important book offers an ambitious and interdisciplinary vision of how private international law or the conflict of laws might serve as a heuristic for re working our general understandings of legality in directions that respond to ever deepening global ecological crises Unusual in legal scholarship the author borrows in bricolage mode from the work of Bruno Latour alongside indigenous cosmologies extinction theories and Levinassian phenomenology to demonstrate why this field s specific frontier location at the outpost of the law where it is viewed from the outside as obscure and from the inside as a self contained normative world generates its potential power to transform law generally and globally Combining pragmatic and pluralist theory with an excavation of shadow ecological dimensions of law the author a recognised authority within the field as conventionally understood offers a truly global view Put simply it is a generational magnum opus All international and transnational lawyers be they in the private or public field should read this book

Northwest University Essay Prompt 2015 Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has are more evident than ever. They have the ability to inspire, provoke, and ignite change.
