their wars For ten thousand years Nova Babylonia has been the greatest city of the Second Sphere an interstellar civilization of human and other beings who have been secretly removed throughout history from Earth Now humans from the far reaches of the Sphere have come to offer immortality and to urge them to build defenses against the alien invasion they know is coming As humans and aliens compete and conspire the wheels of history will lathe all the players into shapes new and surprising The alien invasion will reach New Babylon at last led by the most alien figure of all Waxing and Waning a Memoir of an Amateur Astronomer James Hannon,2014-06-23 The true story of my life as an amateur astronomer I tell of all the start and stops in the hobby as I past through different stages of my life always returning to astronomy The love of the night sky has remained with me ever since I discovered the stars at the age of five **Genesis 3** Barry E Woodham,2012-08-25 In the fifth and final book of the epic science fiction saga The Genesis Project the peace seeking alien alliance seems to have found the perfect world to colonise in a distant corner of the universe Except someone or something has been there before them And it may not have left Centuries of war politics and near total annihilation have forged the Council of Worlds whose only desire is to settle peaceful planets throughout the universe It began when humanity escaped the death of their planet which set them on a dangerous adventure of inter species contact Believing that the years of devastating war are behind them the alliance s search for a home planet seems successful when they discover a forgotten world complete with an abandoned city It is only when they are attacked by strangely intelligent machines that they realise that their landing here was not an unfortunate coincidence In Genesis 3 A New Beginning the various species of the alliance are plunged into a brutal battle for survival against an enemy that will never surrender As the odds mount against them it seems that the humans that left earth many years ago have finally met an adversary they cannot overcome No Direction Home James Baddock,2019-06-05 It is the twenty second century Chris Vinter awakes aboard a UN starship on its way to Delta Pavonis carrying two thousand colonists to a new planet fleeing from an Earth on the brink of nuclear war They are barely a quarter of the way into their journey and now as the senior UN Security Officer he has been awoken from cryogenic sleep to deal with an emergency that threatens everybody on board All is not as it seems to be however within days there is a coup and Vinter finds himself forced to work for one of the power blocs the starship was trying to escape from as the only way of protecting the colonists in the cryosleep chambers He also discovers that someone has been tampering with his memories of Earth and far more than that He has been Augmented gene engineered as a semi cyborg warrior programmed to kill on demand the first of his kind He cannot trust his memory nor can he control his reflexes or even his allegiances but he is faced with the task of preventing Mankind s last war in the depths of interstellar space How is he to achieve this when the only people who can help him know that he could turn against them at any moment Fizz (paperback) - Nothing is as it seems Zvi Schreiber,2011-05 **A Rookie's Share** Cherime MacFarlane,2022-03-02 Bethia Bet to her friends met Arthan a Vicillian while in basic They became partners and fought their way to the top two places in their class Crewing on the Long
