Results: Both sides are equal

Right Brain: Creative, emotional and intuitive

Left Brain: Logical, analytical, methodical

Learning Strategies: Because both sides are equal, learning strategies that work for the right and left would be beneficial to those who do not have a dominant side, like myself.

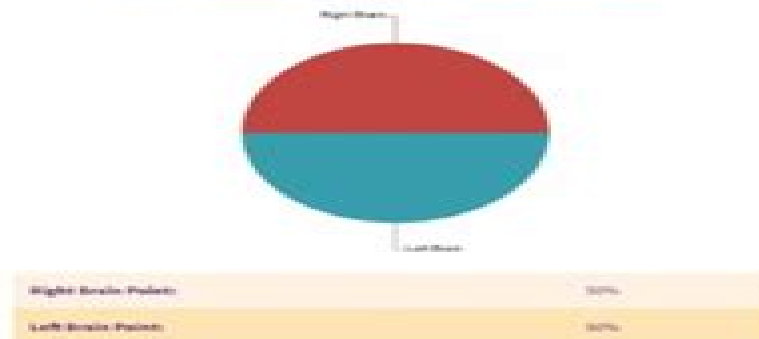

Right Brain:

1. Draw something rather than write it.
2. Be shown how to do something rather than told.

Left Brain:

1. Use Sequence- Having a lesson outline on the board or a step-by-step procedure will help understand expectations.
2. Maintain an organized and uncluttered space- Learners prefer working in a peaceful and tidy environment.
