Recipes from the Garden of Contentment Yuan Mei, 2018-10-31 Recipes from the Garden of Contentment Yuan Mei's Manual of Gastronomy is the first English edition of the Suiyuan Shidan one of the world's most famous books about food. It is both a culinary treatise and a cookbook written in the late eighteenth century by the poet Yuan Mei. This translation by Sean J S Chen conveys the charm, humor, and erudition of one of China's greatest writers. The book includes recipes for well-known yet exotic dishes such as bird's nest and shark's fin and offers modern readers a unique perspective on Chinese history and culinary culture.

Chef's Compendium of Professional Recipes Edward Renold, David Foskett, John Fuller, 2012-08-17 This is a well-established reference and textbook for professional chefs and students. This edition presents essential recipes based on traditional and classic methods but is simplified and adapted to meet the needs and conditions of the busy professional kitchen. Trends towards healthy and safe eating are taken into account and alternatives are suggested to certain ingredients to meet this demand. Vegetarian recipes are also included.

The Viandier of Taillevent Taillevent, 1988 The Viandier is the most important early recipe collection of mediaeval France. Written in the fourteenth century by Guillaume Tirel, alias Taillevent, the chief cook of King Charles V of France, it is the starting point of many culinary traditions and practices that remain at the base of modern French haute cuisine. This volume is the first to present all four extant manuscripts of the Viandier arranged in parallel for easy comparison. The texts of the 220 recipes are in the original French but a complete English translation is provided. Of particular interest are the differences between the four manuscripts which represent more than a century of modifications in gastronomic tastes and culinary practices in French seigneurial life. The commentary and notes that accompany the texts trace the significance of these modifications and indicate the influence the Viandier exercised on more recent cookery books throughout Europe. This critical edition also includes a glossary and a bibliography. In addition, selected recipes have been adapted with minimal modifications for modern use and arranged in a menu for six people.
