

BIO-POEMS AND HISTORICAL BIO-POEMS

BIO-POEMS are poems about people. As a literacy strategy for social studies, they can be used to absorb new information and to help analyze and synthesize new knowledge of a historical figure or event.

The Assignment

Your challenge is to write one autobiographical BIO-POEM. A model for creating your BIO-POEM appears below.

Model for Writing BIO-POEMS

BIO-POEM FORMAT

Line 1: Write your name
Line 2: Write four words of description (adjectives or "ing" words)
Line 3: Relative of (1 person, thing or idea)
Line 4: Lover of (3 things or ideas)
Line 5: Who feels (3 things or ideas)
Line 6: Who needs (3 things or ideas)
Line 7: Who fears (3 things or ideas)
Line 8: Who gives (3 things or ideas)
Line 9: Who would like to see (3 things or ideas)
Line 10: Resident of (1 place, thing or idea)
Line 11: Last name

Example of a personal BIO-POEM

Luc (Mr. to those who haven't graduated yet):
independent, paternal, caring, curious
Relative of Italians and Americans
Lover of photography, books, and my family
Who feels pain at the sight of cruelty, joyous when students excel, and glee when gallivanting in faraway places
Who needs to cuddle my wife and children everyday, to shake hands, and the freshness of life
Who fears drivers, random acts of crime, and the implosion of students (especially at the end of the year)
Who gives no A's (you have to earn them!), compassion to those in need, and joy through bad humor
Who would like to see every country in the world, the US win the World Cup, and students get older along with me (because I feel older every year)
Resident of Novato
Chamberlin

Example of a historical BIO-POEM

Martin:
compassionate, articulate, inspirational, melodious.
Relative of those crushed by history.
Lover of humanity, justice and freedom.
Who feels the weight of oppression, the degradation of discrimination, the dignity of resistance.
Who needs to expose hatred through non-violence, the strength of nameless heroes, the perseverance of future generations.
Who fears ignorance, malaise, hopelessness.
Who gives directions toward dignity, a sane way to combat violence, a recipe for respect.
Who would like to see history's chains removed, humanity uplifted, our hearts pried open.
Resident of our better nature
King

The Perfect Norm Sandra Vavra, Sharon L. Spencer,2009-02-01 Our goal in writing this book was to validate teachers for strong efforts in their life s work We often observe teachers frustrations with what they perceive to be a multitude of different hot topics in

education that they must attend to now but which they expect to come and go like the last hot topics So we wanted to help readers see similarities between many of these hot topics differentiation multiple intelligences culturally responsive teaching brain friendly strategies authentic assessment and ethical classroom management which we feel are not flashes in the pan And we trust that serious practitioners will not oversimplify the findings of neuroscientists and their application to education Reading studies and books by scientists a number of which are user friendly can help ensure that teachers separate the hype from credible information We have seen this professionally judicious approach in the work of graduate students Kolinski 2007 in adopting brain friendly strategies We have intentionally packed both theoretical research based and practical information in this book because professional educators want to know why they should use certain approaches models and strategies In turn as professionals we should be able to explain why we teach the way we do not to justify but to educate others about our knowledge based reflective decision making processes and the impact on student learning Thus it is important to read Chapter 1 because it lays a foundation Each succeeding chapter 2 6 has unique and compelling twists and turns chock full of ideas to use or to adapt It is possible to gain lots of ideas processes and strategies from reading and implementing or adapting even one of the unit chapters or a part of it While some of the units are explicitly about literacy others focus on content using reading writing speaking and listening as critical in the learning process Thus literacy skills are reinforced and strengthened Additionally some of our colleagues and public school partners have given us feedback that they wanted to implement some of the units and activities themselves So feel free to use this book for self exploration and professional development Standards-based Activities with Scoring Rubrics: Performance-based projects ,2002
