

# Discussion Guide for Proposed Rule or Regulation

The topic of rules can bring up different emotions. Some feel 4-H has too many rules; others feel there are not enough. Some youth prefer different levels of structure to be successful. In 4-H, there needs to be a balance to meet the different needs of youth. Use this guide to assist discussions around rules.

## Two Kinds of Rules

*Educational rules are based on the developmental stages of youth.*

For example, at what age are youth able to stay away from home to attend an overnight camp? Are youth of a certain age developmentally prepared to assume responsibility for themselves to participate in an out of state activity? Competitive events and activities are not appropriate for children younger than 4th grade. Livestock identification rules define the connection between a young person and their animal(s) for the purpose of project area learning. Rate of gain rules teach young people livestock management skills.

*Management rules are put in place to manage timelines or logistics.*

For example, applications have a due date so selection tasks can be completed. Ear tags help track which animal belongs to each member. Pre-fair entries help staff determine scheduling of youth participants, judges, or the number of livestock pens required.

## Determining a Rule's Purpose

Please write the rule below.

---

---

To determine a rule's purpose, discuss the following questions with the individuals charged with reviewing the rule. If the answers to the above questions are yes, proceed. If any answers are "no", the rule should probably not be implemented.

| Rule                                                                     | Yes | No |
|--------------------------------------------------------------------------|-----|----|
| If educational, does the rule help youth grow?                           |     |    |
| If educational, does the rule support continued learning?                |     |    |
| Does the rule support a positive educational setting?                    |     |    |
| Is the rule appropriate for the affected youth?                          |     |    |
| Were youth involved in the development of this rule?                     |     |    |
| Should this rule have different expectations of youth of differing ages? |     |    |
| Is the rule enforceable?                                                 |     |    |
| Are we willing and able to enforce this rule?                            |     |    |
