Rummaging In The Fields Of Light:

Rummaging in the Fields of Light DONALD WILCOX THOMAS,2014-11-13 At issue is what elevates standards The common opinion seems to be that standards can elevate themselves The underlying assumption here is that unless you program such activities professionals won't develop they will just teach a process from which presumably nothing of value is to be learned Mastered or flipped reinvention of classrooms exacts a high cost as indeed does all teaching wherever it is carefully and lovingly taught I would revise the old adage about teaching Those who can teach those who either can't or haven't shouldn't It takes a lifetime to discover that those in authority may not know what is better that older need not imply wiser It is a difficult lesson for a teacher enthroned with degrees and remuneration to teach The irony of the term empowerment is that power cannot be taught or acquired as if it were simply some specialized fund of information Only we have privileged access to the process that shifts and roils inside our own experience And only we can alter that process once it makes itself known to us The mind we have is the only one we get furnished or unfurnished **The Tomb of the Devils**

Michael D. Christensen,2006-01-26 Ninety five years ago the enormous interplanetary space vehicle the Pacifica with a numerous crew suddenly and inexplicably disappeared as it neared the planet Pluto None of the probes directed towards the planet after the disaster found any evidence that the vessel and its crew had ever existed Now a century later the wreck of the huge ship has been sighted lying shrouded in the hazy black starlight on the Plutonian surface A shuttle has been fitted for the dangerous journey to the seventh planet and with three crewmembers aboard has made the first attempt to reach Pluto since the loss of the Pacifica As the shuttle approaches the planet it also suddenly and inexplicably disappears and is lost Although the crew of three is believed to have perished they have not and will carry on with their mission to determine how the Pacifica met its fate The truth however may be found only beyond reason or even beyond imagination and the three astronauts may wish that they never sought answer to this great mystery **Specimens of the Poets and Poetry of**
