The World's First Football Superstar Owen Arthur, 2022-08-25 Buried in an unmarked grave in the churchyard of the small village of Benson in Oxfordshire lies the body of a footballing world champion from a bygone era shrouded in the mists of time His name was Stephen Smith This footballer of the Victorian and Edwardian era could claim as many league title winning medals as John Terry and Wayne Rooney more league winners medals than Eric Cantona Frank Lampard Cristiano Ronaldo Thierry Henry and Alan Shearer This book is the never before told story of a footballer born at the end of the Industrial Revolution son of agricultural labourers who became a miner working underground combining that job with one as a professional footballer to rise to the top of the footballing world Smith won trophy after trophy in the best and only professional league anywhere in the world at that time He also scored the goal that made England World Champions in 1895 Smith at the top of his game in a move that mirrored the Premier League breakaway of 1992 and the recent ill fated European Super League then joined the newly formed Southern League at a time when the Football League started to cap player wages He did this in order to ensure his family's future as well as end his reliance on his part time earnings from mining Football's zeitgeist has fundamentally changed very little in the last 130 years for those inside the industry This is the story of Stephen Smith and the quest to find the support and funds to mark and commemorate one of the most decorated yet underappreciated footballers in the history of the game

Face to Face Kausik Bandyopadhyay, 2021-03-30 While rivalry is embedded in any sporting event or performance soccer the world's most popular mass spectator sport has been an emblem of such rivalries since its inception as an organized sport Some of these rivalries grow to become long term and perennial by their nature extent impact and legacy from the local to the global level They represent identities based on widely diverse affiliations of human life locality region nation continent community class culture religion ethnicity and so on Yet at times such rivalries transcend barriers of space and time where soccer clubs nations personalities organizations styles and fans float and compete with intriguing identities The present volume brings into focus some of the most fascinating and enduring rivalries in the world of soccer It attempts to encapsulate analyse and reconstruct those rivalries between nations between clubs between personalities between styles of play between fandoms and between organizations in a historical perspective in relation to diverse identities competing ideologies contestations of power psychologies of attachment bonds of loyalty notions of enmity articulations of violence and affinities of fan culture some of the core manifestations of sporting rivalry The chapters in this book were originally published as a special issue of Soccer Society

Football in Neo-Liberal Times Peter Kennedy, David Kennedy, 2016-02-05 This book offers an original Marxist

critique of the European football business It argues that the Marxist account of the difference between profits and surplus value is crucial to an understanding of the fluid and contradictory nature of the commodification of football Section one analyses the nature of modern professional football and section two highlights attempts via government agency and football clubs to corral fans into ever greater identification with business logic aimed at breaking traditional social relations Section three draws on a number of cases studies across Europe to analyse how some fans are attempting to mount a counter ideological response to the assault of neo liberalism on the game
