Truth and Rumors Bill Brioux, 2007-12-30 When you first heard it you couldn t believe it Jerry Mathers from TV s Leave It To Beaver had been killed in Vietnam Then word came that Abe Vigoda the actor who played the curmudgeonly cop Fish on Barney Miller was dead and that Mikey who would eat anything as the Life Cereal tyke had eaten too many Pop Rocks and exploded Besides exposing us to things we couldn t otherwise believe television can convince us of things that never actually happened But how did these outrageous TV legends get started How did they spread from classrooms to boardrooms across North America and beyond And most important what do these rumors so quickly transformed into facts and common knowledge reveal about our relationship to reality through the medium of television Put in other words what exactly is it that were doing when were dealing in these fabulous rumors are we chasing after surprising truths or simply more incredible entertainment To take one telling example Jerry Mathers

was not actually killed in Vietnam but the basic sense of this lie wasn't far removed from the emotions factually expressed in the two page spread of the faces of the dead in Time magazine In the course of this compelling work which is supplemented with interviews with many of the people implicated in these rumors author Bill Brioux exposes the reality behind the many stories that currently circulate in our culture Through these stories both true and false he sheds a revealing light on just what role these rumors play in contemporary society and what role our society plays in regard to these rumors as well

Vampires are ubiquitous in our popular culture from movies to television in fiction and art and even within the hallowed halls of academia But in the not so distant past these undead creatures held more fear than fascination they lived in the shadows and were the stuff of nightmares In 1897 Bram Stoker introduced Dracula to the Western world and our concept of vampires was changed forever For over sixty years the undead have bled the television airwaves appearing in every type of programming imaginable Un Dead TV catalogues over one thousand unique vampire appearances and is the first book of its kind to explore this phenomenon to the extent that it truly deserves *A Haunted History of Invisible Women* Leanna Renee Hieber, Andrea Janes, 2022-09-27 Deliciously eerie Leslie Rule Bestselling Author From the notorious Lizzie Borden to the innumerable haunted rooms of Sarah Winchester's mysterious mansion this offbeat insightful first ever book of its kind from the brilliant guides behind *Boroughs of the Dead* featured on NPR.org The New York Times and Jezebel explores the history behind America's female ghosts the stereotypes myths and paranormal tales that swirl around them what their stories reveal about us and why they haunt us Bram Stoker Award Finalist for Superior Achievement in Nonfiction Sorrowful widows vengeful jezebels innocent maidens wronged lovers former slaves even the occasional axe murderess America's female ghosts differ widely in background class and circumstance Yet one thing unites them their ability to instill fascination and fear long after their deaths Here are the full stories behind some of the best known among them as well as the lesser known though no less powerful Tales whispered in darkness often divulge more about the teller than the subject America's most famous female ghosts from Mrs. Spencer who haunted Joan Rivers' New York apartment to Bridget Bishop the first person executed during the Salem witchcraft trials mirror each era's fears and prejudices Yet through urban legends and campfire stories even ghosts like the nameless hard working women lost in the infamous Triangle Shirtwaist Factory fire achieve a measure of power and agency in death in ways unavailable to them as living women Riveting for skeptics and believers alike with humor curiosity and expertise *A Haunted History of Invisible Women* offers a unique lens on the significant role these ghostly legends play both within the spook seeking corners of our minds and in the consciousness of a nation *A Haunted History of Invisible Women* looks beyond the legends of maligned female ghosts and gives us their real histories It is both a meditation on the misogyny of a ghost hunting culture that capitalizes on false narratives of sex and death and a fascinating look at the flesh and blood women behind the ghost stories This book is a long overdue search for historic truth yet it recognizes that When it comes to ghosts truth is as elusive as the spirits themselves Chris Woodyard Author of *The Victorian Book of the Dead* Afterword by Bram Stoker Award winning author Linda D Addison *Second City Television* Jeff Robbins, 2014-11-29 This work offers a complete episode guide and comprehensive history of *Second City Television* The influential Canadian sketch comedy series created dozens of memorable characters i.e. station president Guy Caballero and showbiz mogul Johnny LaRue and featured well known performers such as John Candy Catherine O'Hara and Martin Short at the height of their comedic careers Presenting a thorough summary and review for each of SCTV's 135

episodes the author traces the initial appearance and evolution of some of comedy's best known television characters and sketches Two appendices provide guides to the program's compilation shows and recently released boxed sets on DVD
