

Who takes the exam?

New York students take the High School English Language Arts Regents exam at the end of eleventh grade. The class of 2022 will be the first class to be required to pass the Common Core exam. All other students are required to take and pass the comprehensive exam.

When is it given?

The English Regents exam is offered in January, June and August of each year. Each school will determine when the exam will be offered. All schools must offer the exam in June.

How can I prepare for the exam?

Students will learn and polish the skills necessary in their ELA courses starting in 9th grade. For additional practice, previous versions of both exams are available on the NYSED website at www.nysed.org/assessments/elexam

How is it graded and who grades it?

The test is graded by trained teachers and administrators. For the multiple choice section, answers are graded with a machine; for the two writing sections of the test, grading is based on a 6-point rubric, outlining what to look for to receive a 3-6 score in each section: content and analysis, command of evidence, coherence, organization, and style, and control of conventions.

How long is the testing?

The test is 3 hours in length for both the comprehensive and common core exams. For the Common Core exam, part 1 is allotted 60 minutes, part 2 is allotted 80 minutes, and part 3 is allotted 90 minutes.

What is on the Comprehensive test?

There are 4 parts on the Comprehensive Regents Exam:

Part 1: Listening

Students listen to a passage read aloud twice and answer 8 multiple choice questions about the passage. Students are allowed to take notes during the second reading.

Part 2: Reading Comprehension

Students will read two passages and then answer 8 multiple choice questions about each.

Part 3: Reading Passages and Responses

Students read two passages (typically a short story and a poem) and answer 2-3 multiple choice questions about each. Then they write short responses based on the passages to two questions, asking them to write about the controlling idea and showing how a specific literary element is used in one of the passages.

Part 4: Critical Lens Essay

Students read a Critical Lens and then write an essay including two works of literature that exemplify the lens.

What is on the Common Core test?

There are three parts on the Common Core Regents Exam, based on the common core standards for 11th grade.

Part 1: Reading Comprehension

Students will read 3 texts and answer 28 multiple choice questions. 1 literature text, 1 poem, 1 informational text.

Part 2: Writing from Sources: Argument

Students will close read 1 informational text and write a source-based argument.

Part 3: Text Analysis: Exposition

Students will close read 1 text (either literature or informational) and write a 2-3 paragraph expository response that identifies the central idea.

What happens if a student fails the exam?

In order for a student to graduate from high school and earn a high school diploma, s/he must pass the English, mathematics, U.S. history and government, science, and global history and geography state exams. If a student fails the exam, it must be re-taken until a passing grade of 65 is achieved. For some students with IEPs and 504s, a lower passing grade may be established.

Meeting the Challenges to Measurement in an Era of Accountability Henry Braun, 2016-01-29 Under pressure and support from the federal government states have increasingly turned to indicators based on student test scores to evaluate teachers and schools as well as students themselves The focus thus far has been on test scores in those subject areas where there is a sequence of consecutive tests such as in mathematics or English language arts with a focus on grades 4-8 Teachers in these subject areas however constitute less than thirty percent of the teacher workforce in a district Comparatively little has been written about the measurement of achievement in the other grades and subjects This volume seeks to remedy this imbalance by focusing on the assessment of student achievement in a broad range of grade levels and subject areas with particular attention to their use in the evaluation of teachers and schools in all It addresses traditional end of course tests as well as alternative measures such as portfolios exhibitions and student learning objectives In each case issues related to design and development psychometric considerations and validity challenges are covered from both a generic and a content specific perspective The NCME Applications of Educational Measurement and Assessment series includes edited volumes designed to inform research based applications of educational measurement and assessment Edited by leading experts these books are comprehensive and practical resources on the latest developments in the field The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Advocacy and Archaeology Kelly M. Britt, PhD,, Diane F. George, 2023-04-01 Archaeologists

have a history of being prime agents of change particularly in advocating for protection and preservation of historical resources As more social issues intersect with archaeology and historical sites we see archaeologists and others continuing to advocate for not only historic resources but for the larger social justice issues that threaten the communities in which these resources reside Inspired by the idea of revolution and excitement about the ways archaeology is being used in social justice arenas this volume seeks to visualize archaeology as part of a movement by redefining what archaeology is and does for the greater good
