Anthropology and Political Science Myron J. Aronoff, Jan Kubik, 2013 What can anthropology and political science learn from each other The authors argue that collaboration particularly in the area of concepts and methodologies is tremendously beneficial for both disciplines though they also deal with some troubling aspects of the relationship Focusing on the influence of anthropology on political science the book examines the basic assumptions the practitioners of each discipline make about the nature of social and political reality compares some of the key concepts each field employs and provides an extensive review of the basic methods of research that bridge both disciplines ethnography and case study Through ethnography participant observation reliance on extended case studies and the use of anthropological concepts and sensibilities a greater understanding of some of the most challenging issues of the day can be gained For example political anthropology challenges the illusion of the autonomy of the political assumed by political science to characterize so called modern societies Several chapters include a cross disciplinary analysis of key concepts and issues political culture political ritual the politics of collective identity democratization in divided societies conflict resolution civil society and the politics of post Communist transformations

Charis, 2004 Identity/difference Politics Rita Dhamoon, 2009 Theories of liberal multiculturalism have come to dominate debates about identity and difference politics in contemporary western political theory Identity Difference Politics offers a nuanced critique of these debates by switching the focus from culture to power Issues of power are examined through accounts of meaning making those processes through which meanings of difference are produced organized and regulated Other forms of identity difference such as whiteness ableism gender and heteronormativity establish the analytic and normative value of Dhamoon's alternative theoretical framework and reveal that an exclusive preoccupation with culture can dissolve into essentialism which too often provides a rationale for state regulation of groups deemed to be too different

Political/Cultural Identity P W Preston, 1997-07-17 This interdisciplinary book overviews political and cultural identity in the context of changes across the political landscape These changes from the fall of the Berlin Wall to the recent Islamic revival have profoundly altered the received ideas that define political cultures throughout the world In this context the author draws together the diverse strands of literature to throw light on the impact on identity of a changing global environment Peter Preston analyzes political cultural and economic identities which lie at the centre of individual actions and social structure This analysis is fleshed out by a detailed examination of specific regional cases including the realignment of Europe the sharp rise of Pacific Asia and the Americas after NAFTA

Identity Politics in the Age of Globalization Roger A. Coate, Markus Thiel, 2010 Despite the homogenizing effect of globalization identity politics have gained significance numerous groups have achieved political goals and gained recognition based on for example their common gender religion ethnicity or disability Are each of these groups unique or can comparisons be drawn among them What is the impact of globalization on identity politics The authors of Identity Politics offer a comprehensive analytical framework and detailed case studies to explain how identity based collectives both exploit and are shaped by the new realities of a globalized world
