Cine-Mobility Han Sang Kim, 2023-12-04 In 1916 a group of Korean farmers and their children gathered to watch a film depicting the enthronement of the Japanese emperor For this screening a unit of the colonial government's news agency brought a projector and generator by train to their remote rural town Before the formation of commercial moviegoing culture for colonial audiences in rural Korean towns many films were sent to such towns and villages as propaganda The colonial authorities as well as later South Korean postcolonial state authorities saw film as the most effective medium for disseminating their political messages In Cine Mobility Han Sang Kim argues that the force of propaganda films in Korea was derived primarily not from their messages but from the new mobility of the viewing position From the first film shot in Korea in 1901 through early internet screen cultures in late 1990s South Korea Cine Mobility explores the association between cinematic media and transportation mobility not only in diverse and discrete forms such as railroads motorways automobiles automation and digital technologies but also in connection with the newly established rules and restrictions and the new culture of mobility including changes in gender dynamics that accompanied it

these four areas only account for about 20% of neodymium use This result raises some questions concerning actual use and thus potential recycling options **HCI for Cybersecurity, Privacy and Trust** Abbas Moallem,2023-07-08 This proceedings HCI CPT 2023 constitutes the refereed proceedings of the 5th International Conference on Cybersecurity Privacy and Trust held as Part of the 24th International Conference HCI International 2023 which took place in July 2023 in Copenhagen Denmark The total of 1578 papers and 396 posters included in the HCII 2023 proceedings volumes was carefully reviewed and selected from 7472 submissions The HCI CPT 2023 proceedings focuses on to user privacy and data protection trustworthiness and user experience in cybersecurity multifaceted authentication methods and tools HCI in cyber defense and protection studies on usable security in Intelligent Environments The conference focused on HCI principles methods and tools in order to address the numerous and complex threats which put at risk computer mediated human activities in today s society which is progressively becoming more intertwined with and dependent on interactive technologies **Regional Industrial Buying Guide** ,2003 **Popular Science** ,2004-09 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better
