

The following items can be found on the front of your phone as illustrated on the previous page.

1. **Proximity and Light sensors:** the Proximity sensor detects how close an object is to the surface of the screen (for example, when your face is against the phone during a call or the phone is in your pocket), locks the keys to prevent accidental key presses, and turns off the screen. Light sensors use the ambient light level to adjust screen brightness and contrast.
2. **External speaker:** allows you to hear the caller.
3. **Display:** shows the information needed to operate your phone, such as the Application Tiles, icons, dialer, messages, and so on.
4. **Back key:** allows you step backwards when navigating a menu or web page.
5. **Start key / Window Key:** allows you access the Home screen from any screen. Press and hold to activate the voice search engine.

6. **Microphone:** allows the other caller to hear you when you are speaking to them. Also allows you to use the voice search engine.
7. **Ring search key:** a shortcut to the Ring search engine that allows you to search for items on the internet. Press this key in the People application to search for a contact or in the Marketplace application to search for an application.
8. **Applications Menu key:** allows you to access the applications menu. You can also swipe your screen to the left to access the Applications Menu.
9. **Indicator icons:** shows the information needed to operate your phone, such as the received signal strength, phone battery level, and time. If the icons are not showing, tap the top of the display to show them.
