 a critically informed yet relaxed historical overview of the legal thriller a unique contribution to crime fiction where most of
 the titles have been written by professionals such as lawyers and judges The legal thriller typically uses court trials as the
 suspense creating background for presenting legal issues reflecting a wide range of concerns from corporate conflicts to
 private concerns all in a dramatic but highly informed manner With authors primarily from the USA and the UK the genre is
 one which nonetheless enjoys a global reading audience As well as providing a survey of the legal thriller this book takes a
 gender focused approach to analyzing recently published titles within the field It also argues for the fascination of the legal
 thriller both in the way its narrative pattern parallels that of an actual court trial and by the way it reflects frequently quite
 critically the concerns of contemporary society Justice Level 3 Oxford Bookworms Library Tim Vicary,2012-02-10 A level
