The New Perspective on Paul James D.G. Dunn, 2008 *The New Perspective on Paul* By author James D G Dunn published on January 2008 by James D G Dunn 2008 *Romans 4 and the New Perspective on Paul* Gerhard H. Visscher, 2009 In addition to examining Romans IV includes discussion of writings supporting and opposing the New Perspective position *In Defense of the New Perspective on Paul* Don Garlington, 2005-01-25 The following book is comprised of a series of essays and reviews that have been produced over the past several years all related in one way or the other to the New Perspective on Paul NPP This defense of the NPP takes the form of a combination of exegesis and extended book reviews In endeavoring to defend the NPP the eight chapters of this book contain a common thread namely that the movement generically bearing this moniker is not inimical to most historical traditional systems of soteriology Yet because of the rather volatile reaction of many the volume seeks to redress the balance in favor of a more tempered approach to a highly controversial topic

The New Perspective on Paul Kent L. Yinger, 2011-01-01 Can someone please explain this New Perspective on Paul Where did it come from and will it help or hinder Christian interpreters to grasp the apostle s writings more clearly In *The New Perspective on Paul An Introduction* Kent Yinger provides concise readable and authoritative answers to these and other questions currently exercising students of Paul *The Pastoral Epistles and the New Perspective on Paul* Daniel Wayne Roberts, 2021-08-31 The so called New Perspective on Paul has become a provocative way of understanding Judaism as a pattern of religion characterized by covenantal nomism which stands in contrast to the traditional Lutheran position that argues that the Judaism against which Paul responded was legalistic This new perspective of first century Judaism has remarkably changed the landscape of Pauline studies but it has done so in relative isolation from the Pastoral Epistles which are considered by most critical scholarship to be pseudonymous Because of this lack of interaction with the Pastoral Epistles this study seeks to test the hermeneutic of the New Perspective on Paul from a canonical perspective This study is not a polemic against the New Perspective on Paul but an attempt to test its hermeneutic within the Pastoral Epistles Four basic tenets of the New Perspective on Paul taken from the writings of E P Sanders N T Wright and James D G Dunn are identified and utilized to choose the passages in the Pastoral Epistles to be studied to test the New Perspective s hermeneutic outside undisputed Paul The four tenets are as follows Justification Salvation Law and Works Paul s View of Judaism and the Opponents Based on these tenets the passages considered are 1 Tim 1 6 16 2 3 7 2 Tim 1 3 8 12 and Titus 3 3 7

Studies in the New Perspective on Paul Don Garlington, 2008-06-15 This collection of essays follows upon its predecessor originally entitled *In Defense of the New Perspective on Paul Essays and Reviews* Wipf and Stock 2005 This second edition differs from the first in that five new chapters have been added and one review article has been deleted The change of the main title to *Studies in the New Perspective on Paul* is due to the conviction that the New Perspective on Paul actually represents a return to the original context in which Paul proclaimed the gospel of Christ

Yoon, 2019-04-09 In A Discourse Analysis of Galatians and the New Perspective on Paul David I Yoon outlines discourse analysis from the framework of Systemic Functional Linguistics for analyzing Paul s letter to the Galatians From this analysis he determines whether the context of situation better reflects the New Perspective on Paul covenantal nomism or a more traditional perspective legalism The first half of the book introduces the New Perspective on Paul and discourse analysis followed by a detailed model of SFL discourse analysis with respect to register and context of situation The second half is a discourse analysis of Galatians This is the first monograph length study to address the New Perspective on Paul from a linguistic approach and will as such be of great interest to scholars of Pauline Studies linguistics and theology *Preaching Romans* Scot McKnight, Joseph B. Campbell, 1991 A new perspective on Paul and his relation to his Jewish heritage has recently emerged particularly in the interpretation of Romans The author in dialogue with recent international scholarship explores the context and theology of Paul's most influential letter Paul's strategy when faced with the divisions in the house churches is to stress the continuity between the new messianic faith and the faith of Israel In Christ in the renewed covenant Israel's election is both confirmed and transformed In view of the inalienable place of Israel Christian identity cannot now be defined in anti Jewish or in purely Gentile terms Paradoxically although Paul argues there is no distinction in Christ between Jew and Gentile socially he is prepared to recognize abiding differences in life style and he does not advocate that Christian Jews separate from the synagogue Paul's challenge is to accept one another as different but as equals in Christ until the full realization of God's purpose for Israel and the world Paul's gospel is a gospel of hope both for Israel and the nations He is confident that God has the power to fulfil his purposes and achieve his covenant goal for all humanity **Beyond Old and New Perspectives on Paul** Chris Tilling, 2014-05-05 New Testament studies are witnessing many exciting developments And Douglas Campbell's groundbreaking publications are an important contribution to future discussions relating to Paul Familiar problems relating to justification old and new perspectives and much more besides have been tackled in fresh and exciting ways setting down challenge after challenge to all those involved in Pauline studies Campbell's publications therefore demand serious engagement This book seeks to facilitate academic engagement with Campbell's work in a unique way It contains numerous chapters critiquing his proposals while others summarize the key themes succinctly But it also contains Campbell's own response to the reception of his work allowing him space to outline how his thinking has developed In so doing this work allows readers to be drawn into a vitally important conversation It is academic theology in the making and constitutes the cutting edge of Pauline studies embed container position relative padding bottom 56 25% height 0 overflow hidden max width 100% embed container iframe embed container object embed container embed position absolute top 0 left 0 width 100% height 100% Paul's New Perspective Garwood P. Rereading Romans from the Perspective of Paul's Gospel Yung Suk Kim, 2019-07-02 Paul did not write a systematic theology or specific church doctrines when he wrote Romans His audience was Roman Christians and his last will was to preach the gospel to all especially gentiles in Spain Through this letter Paul wants to pave the way for a visit to Rome and expects their support on his mission trip to Spain The question is this What kind of the gospel does he want to share with them Traditionally the letter has been read from the perspective of forensic salvation that an individual justification occurs once and for all by faith in Christ This view remains with the so called New Perspective on Paul and Christ's faithfulness has not been explored Rereading the letter with a renewed concept of the good news in the letter this book challenges the

traditional reading of Romans and explores Paul's threefold gospel that features the gospel that is God-centered Christ exemplified and Christian imitated. His main concern is how gentiles can become children of God as well as how Jews may live faithfully in Christ. In Romans the good news is the power of God for salvation to everyone who has faith. It is not a set of knowledge about God or Jesus. Paul is eager to share this gospel of faith with the Roman Christians and to correct some misunderstandings about him since his gospel is viewed as anti-Jewish or antinomian.

Currents in the Interpretation of Paul Neil Elliott, 2024-09-05 The apostle Paul has long been championed or criticized as a Christian thinker as a brilliant theological genius or an enthusiastic convert who spun arguments to justify his new allegiances. In these essays Neil Elliott engages some of the most provocative currents in contemporary scholarship including Paul and the nature of violence, the presumptions of religious, cultural or national innocence in particular interpretations of the apostle, the recent enthusiasm for Paul in some streams of Marxist thought, competing construals of economic realities in Paul's day and our own, and questions surrounding Paul's legacy today.

The Doctrine on Which the Church Stands or Falls (Foreword by D. A. Carson) Matthew Barrett, 2019-03-14 Many factors contributed to the Protestant Reformation but one of the most significant was the debate over the doctrine of justification by faith alone. In fact, Martin Luther argued that justification is the doctrine on which the church stands or falls. This comprehensive volume of 26 essays from a host of scholars explores the doctrine of justification from the lenses of history, the Bible, theology and pastoral practice, revealing the enduring significance of this pillar of Protestant theology.

Jesus, Gospel Tradition and Paul in the Context of Jewish and Greco-Roman Antiquity David Edward Aune, 2013 Collection of texts published previously.

Beyond Old and New Perspectives on Paul Chris ed Tilling, 2014-11-27 New Testament studies are witnessing many exciting developments and Douglas Campbell's groundbreaking publications offer an important contribution to future discussions about Paul. Campbell tackles familiar problems relating to justification, old and new perspectives and much more besides in fresh and exciting ways. In doing so, he sets down one profound challenge after another to all those involved in Pauline studies. As a consequence, his work demands extended and serious deliberation. This book seeks to facilitate academic engagement with Campbell's work in a unique way. It contains chapters summarizing key themes in his thinking, reflections from friendly critics that aim to challenge or extend his ideas, and his own responses to these interlocutors. In this way, the book allows readers to be drawn into a vitally important conversation. It is academic theology in the making and constitutes a cutting edge in Pauline studies.
