Euripides and the Poetics of Nostalgia Gary S. Meltzer, 2006-10-16 Branded by critics from Aristophanes to Nietzsche as sophistic iconoclastic and sensationalistic Euripides has long been held responsible for the demise of Greek tragedy Despite this reputation his drama has a fundamentally conservative character It conveys nostalgia for an idealized age that still respected the gods and traditional codes of conduct Using deconstructionist and feminist theory this book investigates the theme of the lost voice of truth and justice in four Euripidean tragedies The plays unstable mix of longing for a transcendent voice of truth and skeptical analysis not only epitomizes the discursive practice of Euripides era but also speaks to our postmodern condition The book sheds light on the source of the playwright's tragic power and enduring appeal revealing the surprising relevance of his works for our own day *Grains of Wheat* Eleonore Stump, 2025-02-24 There is a kind of knowledge that is non propositional one variety of it can be acquired in second person experience of another person but it can also be transmitted through narratives This narratively mediated kind of knowledge can be significant for philosophical and theological reflection Biblical narratives have prompted detailed reflection for so many centuries because they offer profound insights into the nature of the human condition and human flourishing This book brings together detailed examinations of narratives in the Hebrew Bible and the New Testament to yield one large emergent story which has something to teach that can be missed when the stories are taken in isolation from one another These are the stories of Job Samson Abraham Mary of Bethany the temptations of Christ the passion of Christ and the story from the book of Ecclesiastes Taken together these narratives depict a possible world in which there is a good for suffering human beings that outweighs their suffering and that could not be gotten without the suffering not even in a world without the Fall On this emergent larger story human suffering is defeated and peace and joy in human life are possible *Index-digest of Bankruptcy Decisions* Edwin Charles Brandenburg, 1899
