appeared in print before including discussions of blind stealing re stealing isolating a loose player big blind and small blind defense and blind versus blind play Also covered are thorough sections on playing heads up post flop and semi bluffing In addition over 50 hands taken from high stakes online games which were played by Stoxtrader are presented along with appropriate discussion of the strategy involved Book jacket **Why Alex Beats Bobbie at Poker** Duncan

This double issue of Digital Culture Society addresses the complex thematic field of the dialectics of play and labour We will take a closer look at the problem of play and work from two overlapping albeit not mutually exclusive perspectives laborious play and playful work The term laborious play points to practices and processes that turn playful activities into hard work Laborious play happens whenever playfulness turns into work and may be observed in such activities such as e sports excessive play goldfarming and Twitch gameplay broadcasting amongst many others A complementary phenomenon to that of laborious play is the practice and concept of playful work The promises of a joyful and rewarding working experience have been promoted as gamification while critical voices denounce such attempts as ideology exploitation or simply bullshit
