**Against the Tide** Lester Fisher, 2021-11-11 Peace Corps invited Lester Michael Klungness to Kenya he served in the idyllic Hills of Taita where began a romantic involvement with a Taita woman and her 5 children Their happy two years together ended when he was exiled from Taita by his military induction notice By happenstance he was declared unfit for military service but Richard Nixon changed the course of his life The Peace Corps budget cuts excluded him from returning to Kenya and to re assignment He worked for a beekeeper and then returned to college to pursue his master s degree After a successful quarter at UC Davis he happened on a summer job at Weyerhaeuser Co Research Division He successfully moved up to a permanent position He believed he could afford to bring the African family to America It took years and they did not all come at the same time Finally he got them all to the little four acre homestead in Tenino Washington Life was not easy but the family farmed The two oldest youths got jobs and established their own lives The younger three and their American born brother were able to attend local schools and life seemed to be going well Then Weyerhaeuser decided to move their research divisions to an urban facility at Federal Way WA this was a disaster for our family Lester told his manager that he would not continue as a permanent employee but would contract his services At first the Company hired him but it was not enough He took a summer job as a raspberry farm manager When he returned to the Weyerhaeuser Co base he taught class and did contracts for Weyerhaeuser but could not earn enough from contracts outside of the Weyerhaeuser The situation became desperate The only solution was to return to UC Davis and reenroll in the master s degree program and receive financial aid Contracts began to pour in so he was able to support the family at home Finally he was hired on a federal project by which he would have been able to return the whole family to Africa The wife came to Davis and signed a contract on married student housing but she never agreed to move the family to Davis He broke off his education and returned to Washington to find out what had

happened She was not at home but had rented out the house and moved the family to Tacoma He took the summer manager job on the raspberry farm hoping to resolve the family issues It failed and a young woman convinced him to return to UC Davis and finish his degree One young man s account chronicles the most turbulent growth in United States history These were expansions in technology global influence wealth power popular unrest and human rights These changed America from an isolationist racist enclave to the present confusing liberating imperialistic and ideologically divided envy of the world
