The Monstrosity of Christ Slavoj Zizek, John Milbank, 2011-02-25 A militant Marxist atheist and a Radical Orthodox Christian theologian square off on everything from the meaning of theology and Christ to the war machine of corporate mafia What matters is not so much that i ek is endorsing a demythologized disenchanted Christianity without transcendence as that he is offering in the end despite what he sometimes claims a heterodox version of Christian belief John Milbank To put it even more bluntly my claim is that it is Milbank who is effectively guilty of heterodoxy ultimately of a regression to paganism in my atheism I am more Christian than Milbank Slavoj i ek In this corner philosopher Slavoj i ek a militant atheist who represents the critical materialist stance against religion s illusions in the other corner Radical Orthodox theologian John Milbank an influential and provocative thinker who argues that theology is the only foundation upon which knowledge politics and ethics can stand In The Monstrosity of Christ i ek and Milbank go head to head for three rounds employing an impressive arsenal of moves to advance their positions and press their respective advantages By the closing bell they have not only proven themselves worthy adversaries they have shown that faith and reason are not simply and intractably opposed i ek has long been interested in the emancipatory potential offered by Christian theology And Milbank seeing global capitalism as the new century s greatest ethical challenge has pushed his own ontology in more political and materialist directions Their debate in The Monstrosity of Christ concerns the future of religion secularity and political hope in light of a monsterful event God becoming human For the first time since i ek s turn toward theology we have a true debate between an atheist and a theologian about the very meaning of theology Christ the Church the Holy Ghost Universality and the foundations of logic The result goes far beyond the popularized atheist theist

point counterpoint of recent books by Christopher Hitchens Richard Dawkins and others i ek begins and Milbank answers countering dialectics with paradox The debate centers on the nature of and relation between paradox and parallax between analogy and dialectics between transcendent glory and liberation Slavoj i ek is a philosopher and cultural critic He has published over thirty books including Looking Awry The Puppet and the Dwarf and The Parallax View these three published by the MIT Press John Milbank is an influential Christian theologian and the author of Theology and Social Theory Beyond Secular Reason and other books Creston Davis who conceived of this encounter studied under both i ek and Milbank

Twentieth-Century Crime Fiction Lee Horsley, 2005-08-25 Twentieth Century Crime Fiction aims to enhance understanding of one of the most popular forms of genre fiction by examining a wide variety of the detective and crime fiction produced in Britain and America during the twentieth century It will be of interest to anyone who enjoys reading crime fiction but is specifically designed with the needs of students in mind It introduces different theoretical approaches to crime fiction e g formalist historicist psychoanalytic postcolonial feminist and will be a useful supplement to a range of crime fiction courses whether they focus on historical contexts ideological shifts the emergence of sub genres or the application of critical theories Forty seven widely available stories and novels are chosen for detailed discussion In seeking to illuminate the relationship between different phases of generic development Lee Horsley employs an overlapping historical framework with sections doubling back chronologically in order to explore the extent to which successive transformations have their roots within the earlier phases of crime writing as well as responding in complex ways to the preoccupations and anxieties of their own eras The first part of the study considers the nature and evolution of the main sub genres of crime fiction the classic and hard boiled strands of detective fiction the non investigative crime novel centred on transgressors or victims and the mixed form of the police procedural The second half of the study examines the ways in which writers have used crime fiction as a vehicle for socio political critique These chapters consider the evolution of committed oppositional strategies tracing the development of politicized detective and crime fiction from Depression era protests against economic injustice to more recent decades which have seen writers launching protests against ecological crimes rampant consumerism Reaganomics racism and sexism

course of her prolific career An appendix translates Poirot s French and defines the British idiomatic words and phrases that give Christie s novels so much of their flavor The Gentle Art of Murder Earl F. Bargainnier,1980 This study of the technique of Agatha Christie s detective fiction sixty seven novels and over one hundred short stories is the first extensive analysis of her accomplishment as a writer Earl F Bargannier demonstrates that Christie thoroughly understood the conventions of her genre and with seemingly inexhaustible ingenuity was able to develop for more than fifty years surprising variations within those conventions *The Triumph of the Thriller* Patrick Anderson,2007-02-06 There s been a revolution in American popular fiction The writers who dominated the bestseller lists a generation ago with blockbuster novels about movie stars and exotic foreign lands have been replaced by a new generation writing a new kind of bestseller one that hooks readers with crime suspense and ever increasing violence Patrick Anderson The Washington Post s man on the thriller beat calls this revolution the triumph of the thriller and lists among its stars Thomas Harris Michael Connelly George Pelecanos Dennis Lehane Sue Grafton and Elmore Leonard In his provocative caustic and often hilarious survey of today s popular fiction Anderson shows us who the best thriller writers are and the worst He shows how Michael Connelly was inspired by Raymond Chandler how George Pelecanos toiled in obscurity while he mastered his craft how Sue Grafton created the first great woman private eye and how Thomas Harris transformed an insane cannibal into the charming man of the world who made FBI agent Clarice Starling his lover Anderson shows Scott Turow inventing the modern legal thriller and John Grisham translating it into a stunning series of bestsellers He casts a cold eye on Tom Clancy s militaristic techno thrillers and praises Alan Furst and Robert Littell as world class spy novelists He examines the pioneering role of Lawrence Sanders the offbeat appeal of Dean Koontz the unprecedented success of The Da Vinci Code and the emergence of the literary thriller Most of all Anderson demands that the best of these novelists be given their due not as genre writers but as some of the most talented men and women at work in American fiction Don t trust the literary elites to tell you what to read he warns make up you own minds The Triumph of the Thriller will convince many readers that we ve entered an important new era in popular fiction This book can be your guide to it **Bowker's Guide to Characters in Fiction 2007** ,2008-02
