Linda Hill's memoir *Together Still: Love Beyond Death* portrays *Continuing Bonds*, a compelling approach to end-of-life accompaniment, death care, and bereavement. For four adventurous decades, Linda and her beloved spouse John Scull explored the world with wonder and curiosity. They loved each other, their families, and friends wholeheartedly. They cared for nature and their community with spirits of generosity. After John was diagnosed with a terminal illness, the couple resiliently continued their loving ways of accompanying each other as they travelled to the horizon of John's life. When John died, Linda was utterly unprepared for what was about to happen. At first, she dismissed her spiritual experiences as illnesses and dismissed John's after-death communication as wishful thinking. Fortunately, John persisted in doing everything he possibly could to let her know he was still with her. Their reciprocal spiritual bonds transformed Linda's off-kilter journey through her heart fracturing grief into a heroic odyssey of what she calls *re-orbiting around love and happiness*. Each chapter of Linda's beautifully written memoir intertwines romance, spirituality, and the healing power of cultivating and continuing loving bonds. To this day, John reaches out to Linda through spiritual communication, messages in nature, uncanny coincidences, and visitations in her dreams. Linda reaches out to John through meditation, journaling, creative arts, memorial events, joint legacy

projects and adventures of being alone but not alone Although everything absolutely everything is now so very different they are together still loving beyond death

Loss, Survive, Thrive Meryl Hershey Beck, 2019-11-22 No one is prepared for the loss of a child No one It feels completely unnatural for children to predecease their parents Although it is not widely known each year there are over 135 000 under 40 year old deaths in the U S alone And according to one study 19% of parents outlive their children often carrying the weight of horrendous grief to their own graves Isolated and alone is how parents often describe the grief process Well meaning friends and family members usually rush to their side in the beginning Once the floral arrangements have wilted and the dinners from caring friends diminish there isn't really much that can be said to bring comfort to a suffering parent especially if those friends haven't experienced it themselves Unfortunately when these caring friends do bring up the loss quite often they say the wrong things Loss Survive Thrive offers a lifeline of hope Each chapter is an inspirational story written by a parent who also experienced the agony of losing a child reclaimed his/her vitality and is now living a fulfilling life Every story is authentic and heartfelt designed to uplift and inspire The collective authors reach out through the pages to virtually hold hands with those who are suffering We the contributors have all been there We know their pain and we know about survival And now through our stories we offer comfort and support in helping them get through the toughest time of their lives Bereaved parents share an unspeakable bond And Loss Survive Thrive imparts insight from what's likely the only voices that grieving parents can hear others who have walked in their shoes This book is a giant step toward healing the grieving heart
