This is the Yellow version of Pokémon. There are other versions, too. The differences between the versions are the type and probability of Pokémon appearances.

To complete your collection, you will need to trade with a friend who has another version.

STORY

Growing up in Pallet Town, you spend a lot of time playing with your next-door neighbor. But today, he has become a truly great no longer wants to play with you. He even thinks of you as his rival.

After the two of you stopped playing together, you became very interested in Pokémon. One day, you decide to go in search of Pokémon, but just as you are leaving Pallet Town, you hear a voice.

"Hey! Don't go into the forest!" It's Professor Oak, the famous Pokémon expert! "There are Wild Pokémon living in there," he says.

POKÉMON

"They can be very dangerous. However, if you possess tamed Pokémon, you can let them fight the wild ones. Come to my laboratory, and I'll tell you more."

When you get to the lab, you find your former friend there too. "You're needed to first find the Professor Oak's grandson! I have prepared a Pokémon for you," says the Professor. "Now that you have a Pokémon, the real is up to you."
