ouvrage propose une étude détaillée et complète de l'organisation du pouvoir politique à l'échelle infranationale. Une première partie fait le point sur les traditions d'analyse du local en sociologie politique. La deuxième partie porte sur le cadre institutionnel du pouvoir local : histoire des découpages territoriaux et de leur remise en cause, réguler les différentes autorités locales et leurs administrations, les formes de décentralisation. La troisième partie est consacrée aux formes locales de la démocratie : jeu politique local, médiation du local, démocratie participative et mobilisations locales en analysant ceux qui l'incarnent. La dernière partie analyse l'action publique locale : ses logiques, ses acteurs, mais aussi son articulation avec les logiques nationales et supranationales de production des politiques publiques. Un ouvrage qui vient illustrer l'importante contribution de la sociologie du pouvoir local aux sociologies de l'État, de la démocratie, représentative des mobilisations et de l'action publique.

Introduction à la communication politique Alexandre Dézé, Philippe Aldrin, Yohann Aucante, Nicolas Hubé, 2022-04-19. Par l'importance qu'elle a prise dans le travail institutionnel et politique, la communication est une entrée privilégiée pour comprendre les transformations contemporaines de la conquête et de l'exercice du pouvoir. Dans la conquête comme dans l'exercice du pouvoir, la communication occupe aujourd'hui une place cruciale. Chânes d'information continue, réseaux sociaux, cotes de popularité, emballages médiatiques et stratégies d'influence des groupes de pression sont le nouvel horizon de l'activité politique. Si l'éloquence et le maniement ritualisés des symboles y sont toujours de mise, bien communiquer est devenu un impératif absolu dans les sociétés de l'information voire de la surinformation. Ce manuel expose tout d'abord le mouvement historique au terme duquel l'espace public, les médias de masse et la mesure de l'opinion sont devenus un enjeu central du jeu politique. En s'attachant à les remettre en contexte, il présente ensuite les évolutions d'une science de la communication politique née au croisement de la recherche universitaire, de la publicité des affaires politiques et de l'économie des médias. Enfin, il propose de suivre l'invention puis la consécration de nouveaux médiateurs : des spin doctors aux community managers dans la division du travail politique. Ponctué de définitions claires et d'exemples nombreux, cet ouvrage l'approche inédite donne toutes les clés pour comprendre les formes historiques et immédiatement contemporaines de la communication politique. Pour les étudiants et enseignants des 1er et 2e cycles en science politique et en sociologie, ainsi que des formations supérieures en communication et en journalisme.
