Text-Dependent Questions, Grades 6-12 Douglas Fisher, Nancy Frey, Heather Anderson, Marisol Thayre, 2014-09-02 Fisher Frey's answer to close and critical reading. Learn the best ways to use text dependent questions as scaffolds during close reading and the big understandings they yield. But that's just for starters. Fisher and Frey also include illustrative video texts and questions, cross-curricular examples, and an online facilitator's guide making the two volumes of TDQ a potent professional development tool across all of K-12. The genius of TDQ is the way Fisher and Frey break down the process into four cognitive pathways: What does the text say? How does the text work? What does the text mean? What does the text inspire you to do?

Drawing: a Study Guide Daniel Marcus Mendelowitz, 1967 *Reading and Learning Strategies* Susan Davis Lenski, Mary Ann Wham, Jerry L. Johns, 2006-06-22 *Supporting Reading in Grades 6-12* Sybil M. Farwell, Nancy L. Teger, 2012-06-11 This book presents a curricular framework for students grades 6-12 that school librarians and teachers can use collaboratively to enhance reading skill development, promote literature appreciation, and motivate young people to incorporate reading into their lives beyond the required schoolwork. *Supporting Reading Grades 6-12* A Guide addresses head-on the disturbing trend of declining leisure reading among students and demonstrates how school librarians can contribute to the development of lifelong reading habits as well as improve students' motivation and test scores. The book provides a comprehensive framework for achieving this: the READS curriculum, which stands for Read as a personal activity, Explore characteristics, history, and awards of creative works, Analyze structure and aesthetic features of creative works, Develop a literary-based product, and Score reading progress. Each of these five components is explained thoroughly, describing how school librarians can encourage students to read as individuals, in groups, and as school communities support classroom teachers' instruction and connect students to today's constantly evolving technologies. Used in combination with an inquiry information skills model, the READS curriculum enables school librarians to deliver a dynamic, balanced library program that addresses AASL's Standards for the 21st Century Learner.
