Zepeda,2003

Who Let This Disaster in My Classroom? Cassandra Smith,2009-06-01 Attention Online Instructors this one is for you Have you ever felt alone as an online instructor Have you ever wondered why students email you with excuses about their late assignments and expect pardon Have you ever doubted whether anyone understands the challenges you face with online students Have you ever questioned your class setup or simply needed some direction If your answers are an emphatic yes then this book is for you Who Let this Disaster in My Classroom provides you the long overdue answers to your questions as an online instructor It provides skills strength and the gift of laughter as I chronicle my own experiences as an online instructor This book will help you make it through your classes and reaffirm that you are not alone in cyberspace It is a must have for online instructors as it provides real life examples and practical tips to help you through this innovative wonderful virtual platform called distance education Turning the Soul Sophie Haroutunian-Gordon,1991-04-21 Is our nation s educational system faltering in part because it strives to teach students predetermined right answers to questions In *Turning the Soul* Sophie Haroutunian Gordon offers an alternative to methods advocated by conventional educational practice By guiding the reader back and forth between two high school classes discussing Shakespeare s *Romeo and Juliet* she gracefully introduces the alternative approach to education interpretive discussion One class located in a private racially integrated urban school has had many conversations about the meaning of books The second group less advantaged students in a largely black urban school has not The reader watches as students in each group begin to draw upon experiences in their personal lives to speculate about events in the play The students assist one another with the interpretation of complex passages pose queries that help sustain the conversation and struggle to get Shakespeare right Though the teachers suffer

moments of intense frustration they are rewarded by seeing their students learn to engage in meaningful exchange Because Turning the Soul draws on actual classroom conversations it presents the range of difficulties that one encounters in interpretive discussion The book describes the assumptions about learning that the use of such discussion in the classroom presupposes and it offers a theoretical perspective from which to view the changes in both students and teachers

Teaching Shakespeare with Purpose Ayanna Thompson, Laura Turchi, 2016-01-28 What does it mean to teach Shakespeare with purpose It means freeing teachers from the notion that teaching Shakespeare means teaching everything or teaching Western Civilisation and universal themes Instead this invigorating new book equips teachers to enable student centred discovery of these complex texts Because Shakespeare's plays are excellent vehicles for many topics history socio cultural norms and mores vocabulary rhetoric literary tropes and terminology performance history performance strategies it is tempting to teach his plays as though they are good for teaching everything This lens free approach however often centres the classroom on the teacher as the expert and renders Shakespeare's plays as fixed determined and dead Teaching Shakespeare with Purpose shows teachers how to approach Shakespeare's works as vehicles for collaborative exploration to develop intentional frames for discovery and to release the texts from over determined interpretations In other words this book presents how to teach Shakespeare's plays as living breathing and evolving texts **Scott V. WKJG, Inc**, 1966
