

WARNING

This manual has been written by Belgarda S.p.A. mainly for use by Yamaha dealers and their skilled mechanics. It is impossible to provide a mechanic with all the information necessary in a single manual. Yet, though, the people who use this manual for the maintenance and repair of Yamaha motorcycles already have elementary knowledge of the principles of mechanics and the procedures for motorcycle techniques. Without this knowledge, repair or maintenance work on this model could prove inefficient and dangerous.

Yamaha makes constant efforts to improve all its models. Important alterations or changes to procedures exist and will be communicated to all Yamaha dealers and published in future editions of this manual. Especially important information in this manual is highlighted by the graphics shown below.
