

A portrait of Stephen A. Smith, a man with short dark hair, wearing a dark blue suit, a light blue striped shirt, and a light blue patterned tie. He is resting his chin on his right hand and looking directly at the camera with a slight smile. The background is a plain, light gray.

**A Few Good Gays** Cati Connell, Catherine Connell, 2022-12-06 The US military has done an about face on gender and sexuality policy over the last decade ending Don't Ask Don't Tell restrictions on women in combat and transgender exclusion. Contrary to expectations servicemembers have largely welcomed cisgender LGB individuals yet they continue to vociferously resist trans inclusion and the presence of women on the front lines. In the minds of many the embodied deficiencies of cisgender women and trans people of all genders puts others and indeed the nation at risk. In this book Cati Connell identifies the homonormative bargain that underwrites these uneven patterns of reception a bargain that comes with significant concessions upholding and even exacerbating race class and gender inequality in the pursuit of sexual equality. In this handshake deal even the widespread support for open LGB service is highly conditional revocable upon violation of the bargain. Despite the promise of inclusivity in practice the military has made room only for a few good gays to the exclusion of all others. But should equal access be the goal? How did we get from there to here? And where do we go next? In analyzing inclusion as a social movement aspiration Connell shows that its steep price is exacted through the continued abjection of queered Others both at home and abroad.

**Policy Implications of Lifting the Ban on Homosexuals in the Military** United States. Congress. House. Committee on Armed Services, 1993

Ex-Gay No Way Jallen Rix, 2010-05-01 Bringing to light an extreme fundamentalist Christian view this insider's perspective offers hope to people grappling with the aftereffects of a cult like movement often known as Reparative Therapy. The movement assumes that going from gay to straight is easily changeable and change worthy despite decades of psychosexual research to the contrary. Although it did not succeed in making the author a Southern Baptist who attended an ex-gay ministry at a young age straight it did undermine his self-esteem and confuse him significantly thus leading him to pursue an advanced degree in sexology in order to help others in similar positions. Offering a detailed comparison of the ex-gay world and the phenomenon known as Religious Abuse this manual shares a personal journey through the hopeless mistreatment and manipulative system of ex-gay ministries and the recovery process involved in regaining strength acceptance and self-worth.

*Ask and Tell* Steve Estes, 2009-11-30 Don't Ask Don't Tell was the directive of President Clinton's 1993 military policy regarding gay and lesbian soldiers. This official silence continued a collective amnesia about the patriotic service and courageous sacrifices of homosexual troops. Ask and Tell recovers these lost voices offering a rich chronicle of the history of gay and lesbian service in the U.S. military from World War II to the Iraq War. Drawing on more than 50 interviews with gay and lesbian veterans Steve Estes charts the evolution of policy toward homosexuals in the military over the past 65 years uncovering the ways that silence about sexuality and military service has affected the identities of gay veterans. These veteran voices harrowing heroic and on the record reveal the extraordinary stories of ordinary Americans men and women who simply did their duty and served their country in the face of homophobia prejudice and enemy fire. Far from undermining national security unit cohesion or troop morale Estes

demonstrates these veterans strengthened the U S military in times of war and peace He also examines challenges to the ban on homosexual service placing them in the context of the wider movement for gay rights and gay liberation Ask and Tell is an important compilation of unheard voices offering Americans a new understanding of the value of all the men and women who serve and protect them     **Hearings Before and Special Reports Made by Committee on Armed Services of the**
