Geest & Kwantumfysica Paul J. van Leeuwen, 2024-12-01 De klassieke fysica werd geboren met Galileo Galilei die de resultaten van zijn experimenten in getallen uitdrukte Deze kwantisering van de natuur nam via Newton en opvolgers een grote vlucht

waarbij langzamerhand de werkelijkheid achter al die getallen verdween en getallen haar plaats innamen Dat is nu het domein van de klassieke fysica De opkomst van de kwantumfysica heeft duidelijk gemaakt dat de klassieke fysica niet het juiste beeld van de wereld biedt De ontdekkingen in de kwantumfysica die begonnen in 1900 maakten duidelijk dat de echte wereld een wereld is die zich als golven van potentie gedraagt Aanvankelijk leek dit beperkt tot elektromagnetische straling als golven van deeltjes van elektromagnetische energie fotonen Het golfaspect van elektronen werd echter ook al snel aangetoond Het grote raadsel was natuurlijk wat die overgang van potentie naar materieel deeltje veroorzaakte de zogenaamde kwantumcollaps Een kleine maar groeiende groep fysici stelt dat het bewustzijn van de waarnemer de factor is waardoor de wereld aan ons vanuit een nog niet materiële potentie verschijnt Mathematische kennis is niet vereist voor dit boek

A Redemptive Theology of Art David A. Covington, 2018-05-01 A Redemptive Theology of Art develops a biblical systematic and practical theology of aesthetics It begins with the roots and ontology of aesthetics vs art and the architecture and narrative of affection and passion their woes and their glory Those who would search the Bible find little support for art as commonly conceived in the West The language of aesthetics applied to the maker's intentions the qualities of the work and the responses of the audience better addresses the questions of beauty and better suits the discussion of human actions beliefs and culture than the language of art does The Bible yields more consistent and helpful answers to questions about the broader category of aesthetics than it does to questions about art leading in turn to better questions and a more practical and theological appreciation of human affections beauty and delight and the many paths by which people including Christians pursue them Using the categories and definitions from Scripture Covington gives hope and help not only for those who labor
