Who Wrote "The Night Before Christmas"? MacDonald P. Jackson, 2016-05-11 Published anonymously in 1823 The Night Before Christmas has traditionally been attributed to Clement Clarke Moore 1779 1863 who included it in his Poems 1844 But descendants of Henry Livingston 1748 1828 claim that he read it to his children as his own creation long before Moore is alleged to have composed it This book evaluates the opposing arguments and for the first time uses the author attribution techniques of modern computational stylistics to settle the long standing dispute Both writers left substantial bodies of verse which have been computer analyzed for distinguishing characteristics Employing a range of tests and introducing a new one statistical analysis of phonemes this study identifies the true author and makes a significant contribution to the growing field of attribution studies

Computational Stylistics in Poetry, Prose, and Drama Anne-Sophie Bories, Petr Plecháč, Pablo Ruiz Fabo, 2022-12-19 This volume responds to the current interest in computational and statistical methods to describe and analyse metre style and poeticity particularly insofar as they can open up new research perspectives in literature linguistics and literary history The contributions are representative of the diversity of approaches methods and goals of a thriving research community Although most papers focus on written poetry including computer generated poetry the volume also features analyses of spoken poetry narrative prose and drama The contributions employ a variety of methods and techniques ranging from motif analysis network analysis machine learning and Natural Language Processing The volume pays particular attention to annotation one of the most basic practices in computational stylistics This contribution to the growing dynamic field of digital literary studies will be useful to both students and scholars looking for an overview of current trends relevant methods and possible results at a crucial moment in the development of novel approaches when one needs to keep in mind the qualitative hermeneutical benefit made possible by such quantitative efforts
