

The Politically Incorrect Guide™ to the **CIVIL WAR**

A part of the bestselling P. I. G. series

You think you know about the Civil War, but did you know:

- ✦ That secession was legal
- ✦ That the Emancipation Proclamation did not free a single slave
- ✦ That the South had the moral high ground in the war (and the editorial support of the Vatican's own newspaper)
- ✦ That Robert E. Lee and Jefferson Davis expected slavery to fade away naturally
- ✦ That if the South had won, we might be able to enjoy holidays in the sunny Southern state of Cuba

Politically Incorrect Guide to the Presidents, Part 1 Larry Schweikart, 2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country **The Politically Incorrect Guide to Economics** Thomas J. DiLorenzo, 2022-08-16 Another entry in the best selling irreverent hard hitting Politically Incorrect Guide series Economics from a rational conservative viewpoint that is a refreshing look at how money actually works from an author who knows the score and how the law of economics are frequently broken and derailed by pernicious leftists and virtue signalling progressives Politically Incorrect Guide to Hunting Frank Miniter, 2007-08-21 Why the Left's anti hunting propaganda is dead wrong Nothing is more hated and more misunderstood by the trendy Left than hunting But now intrepid hunter and pro hunting activist Frank Miniter sets the record straight In The Politically Incorrect Guide to Hunting he details the concrete benefits that hunting provides to all of us even how it helps the environment Speaking with wildlife biologists hunters farmers anti hunters and victims of animal attacks Miniter explains how banning hunting negatively affects wildlife populations and conservation Miniter's fearless politically incorrect take on hunting lays out the facts that liberal enviro nuts don't want you to know The Politically Incorrect Guide to Socialism Kevin Williamson, 2011-01-10 Argues that the same impulse for control that governed the Soviet Union is present in the American health care and educational systems and that socialism can never work because of human nature **Politically Incorrect Guide to the Constitution** Kevin Gutzman, 2007-06-11 The Constitution of the United States created a representative republic marked by federalism and the separation of powers Yet numerous federal judges led by the Supreme Court have used the Constitution as a blank check to substitute their own views on hot button issues such as abortion capital punishment and same-sex marriage for perfectly constitutional laws enacted by We the People through our elected representatives Now The Politically Incorrect Guide to the Constitution shows that there is very little relationship between the Constitution as ratified by the thirteen original states more than two centuries ago and the constitutional law imposed upon us since then Instead of the system of state level decision makers and elected officials the Constitution was intended to create judges have given us a highly centralized system in which bureaucrats and appointed not elected officials make most of the important policies In The Politically Incorrect Guide to the Constitution Professor Kevin Gutzman explains how the Constitution was understood by the founders who wrote it and the people who ratified it Follows the Supreme Court as it uses the fig leaf of the Constitution to cover its naked usurpation of the rights and powers the Constitution explicitly reserves to the states and to the people Slid from the Constitution's republican federal government with its very limited powers to an un-republican judgeocracy with limitless powers How the Fourteenth Amendment has been twisted to use the Bill of Rights as a check on state power instead of on federal power as originally intended The radical inconsistency between constitutional law and the rule of law Contends that the judges who receive the most attention in history books are celebrated for acting against the

Constitution rather than for it As Professor Gutzman shows constitutional law is supposed to apply the Constitution s plain meaning to prevent judges presidents and congresses from overstepping their authority If we want to return to the founding fathers vision of the Republic if we want the Constitution enforced in the way it was explained to the people at the time of its ratification then we have to overcome the received wisdom about what constitutional law is The Politically Incorrect Guide to the Constitution is an important step in that direction **The Politically Incorrect Guide to Pandemics** Steven W.
