Physical

WORKSHEET

Global Population Distribution

Study the world map and describe the differences in population density and distribution. (Climate, relief, economic activities, services, accessibility)

Describe the world's population distribution.

- The world's population is unevenly distributed across the globe.
- The majority of the world's population lives in the Northern Hemisphere.
- The majority of the world's population lives in the coastal regions.
- The majority of the world's population lives in the low-lying areas.
- The majority of the world's population lives in the areas with high accessibility.

Population Density and Distribution

Some areas of the world are densely populated (crowded), while others are sparsely populated (empty). (Climate, relief, economic activities, services, accessibility)

Factors influencing where people live:
