Milena Kaličanin, Soňa Šnircová, 2015-10-13 This book explores contemporary transformations of the female Bildungsroman showing that the intersection of the genre and gender brought to critical attention in the context of second wave feminism remains of equal importance in the era of postfeminism The female Bildung narrative has acquired an important position in twentieth and twenty first century literature through its continuing depiction of female self discovery and emancipation as a process of negotiating the traditional divisions of female and male roles in relation to the private and public spaces Recognizing the seminal contribution of feminist criticism to the definition of the genre and the role of feminist cultural processes in its thematic developments this volume investigates more recent influences on the female Bildung narrative and the influence of the classic female Bildungsroman on contemporary cultural texts As a collection of fifteen essays written by international scholars the book offers a representative sample of the narratives of female development presenting a variety of genres including the novel the short story autobiography TV series and Internet video blogs and theoretical frameworks adopting hermeneutic postcolonial feminist and postfeminist perspectives In its diversity this volume reveals that despite the ongoing process of women s emancipation the heroine s struggle with the private public divide has remained throughout the twentieth century and in the first decades of the new millennium a central issue in stories about the female quest for self definition The book will be of interest to scholars and students in the fields of literary women and gender studies particularly those interested in the narratives of female development that represent American and British cultural contexts **A**

To Mapuche shamans or machi, the foye tree is of special importance not only for its medicinal qualities but also because of its hermaphroditic flowers which reflect the gender-shifting components of machi healing practices. Framed by the cultural constructions of gender and identity, Bacigalupo's fascinating findings span the ways in which the Chilean state stigmatizes the machi as witches and sexual deviants, how shamans use paradoxical discourses about gender to legitimize themselves as healers, and at the same time as modern men and women, the tree's political use as a symbol of resistance to national ideologies and other components of these rich traditions. The first comprehensive study on Mapuche shamans' gendered practices, *Shamans of the Foye Tree* offers new perspectives on this crucial intersection of spiritual, social, and political power. *A Dream Compels Us* New Americas Press, 1989 These interviews, testimonies, and articles by and about women in the popular and revolutionary movements of El Salvador address Latin American feminism, the role of women in social change and war, and their ideas for building democracy out of totalitarianism. **Myth and Environment in Recent Southwestern Literature**, Theda Wrede, 2014-04-10 The romantic perception of the American Southwest as a wild and dangerous frontier where heroic settlers prove their endurance has often responded to a common human desire to escape from the pressures of civilization and experience an authentic relationship with nature. This idealized notion about life in the Southwest, however, has contributed to the subjugation of the indigenous populations and the natural world while helping to rationalize the conquest of both. In *Myth and Environment in Recent Southwestern Literature*, Theda Wrede brings contemporary Southwestern American literature under the microscope to examine the ways in which the mythic narrative has influenced attitudes toward the land in the region. Focusing on popular novels by Cormac McCarthy, Barbara Kingsolver, Leslie Marmon Silko, and Denise Chávez, Wrede explores the psychology behind the myth and discusses the ways in which the four authors deploy the mythic narrative to interrogate its validity and offer visions for alternative modes of inhabiting the Southwest. In combining ideas from a culturally sensitive ecofeminist theory, psychoanalysis, postcolonial studies, and literary studies, the study offers an innovative conceptual framework for discussions about environmental responsibility in the twenty-first century. Finally, it also encourages its readers to partake in the process of mythogenesis by imagining sustainable narratives to help rescue the promise of the Southwest for the new millennium. **Feminist Theory and Literary Practice** Deborah L. Madsen, 2000-08-20 An accessible account of the varieties of feminist thought within the context of the key American texts, including Kate Chopin, Alice Walker, and Ann Beattie. **Dreams That Can Save Your Life** Larry Burk, Kathleen O'Keefe-Kanavos, 2018-04-17 An exploration of dreams as a spiritual source of healing and inner guidance for your health and
