[A-Z** National Library Service Corporation,1975 **Books Out-of-print** ,1981 *Arts & Humanities Citation Index* ,1981 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals **The Democracy in the Roman Republic** Celso Kelly Neto,2006 The Roman Republic represented an interesting experience in history For the very first time there was a self ruled community in a scale larger than a city state Traditional historiography however tends to consider the Roman Republic as an oligarchic state in which the people were actually controlled by a narrow hereditary political elite The main objective of this thesis is to demonstrate that this traditional view is false In fact research on this subject reveals that the Roman Republic had a strong popular and democratic element and the people had much more power than it is traditionally thought Moreover the Roman Republic shared many similar characteristics not only with ancient democracies of the Greek type but also with modern democratic states **Democratic Theories of the Republic** Elliot M. Zashin,1975
How Republics Die Frederik Juliaan Vervaet,David Rafferty,Christopher J. Dart,2025-07-14 Authoritarianism is everywhere on the advance democracy seems fragile and threatened We console ourselves that where rule by the people has long established itself it has never collapsed from internal causes Except it did once in Rome This book gathers together Roman historians with political scientists and scholars of other periods of authoritarian takeover to explore how open and democratic political systems have historically fallen prey to autocrats The Late Roman Republic is the main focus with a mix of large scale thematic and analytical chapters paired with more detailed case studies from some of the leading scholars in the field Other chapters widen the scope analysing comparable cases from ancient Athens to Napoleon to Hitler s Germany and Franco s Spain The book as a whole draws on contemporary political science scholarship on democratic decay and competitive authoritarianism It shows that these concepts are not only applicable to modern states but that we can properly use them to study past democratic collapses as well This provides the tools for a more historically informed understanding of how republics die as part of a renewed conversation between historians and political scientists *The Two Republics Or Rome and the United States V2 (1891)* Alonzo T.
